RDT&E, DW/06 RDT&E Management Support 0901598C Man		Managemen	t Headquar	ters - MDA			
COST (\$ in Thousands)	FY 2005	FY 2006	FY 2007	FY 2008	FY 2009	FY 2010	FY 2011
Total Program Element (PE) Cost	110,662	99,327	87,389	86,471	85,894	70,250	70,364
0601 Management Headquarters	110,662	99,327	87,389	86,471	85,894	70,250	70,364

Note: FY06 funds appropriated within this PE pay for a portion of the Agency's expenditures to manage the Small Business Innovative Research program, and the costs to perform technical assessments of missile defense programs, architectures, and technologies, both of which are funded in FY07 - FY11 within Project 0602 (Program-Wide Support).

Technical Security and Security Operations efforts, at a total of approximately \$19 million per year, were transferred beginning in FY06 to Project 0602 (Program Wide Support). In FY05, two-thirds of the effort is funded within this PE, with the balance funded under Project 0102 in the BMDS Core PE.

In concert with the ongoing efforts to reduce Agency infrastructure, the funding amounts within this PE for FY07 through FY09 are based on MDA moving to a consolidated location as part of the planned expansion of Arlington National Cemetery, with FY10 and FY11 costs decreasing to reflect anticipated savings as a result of the consolidation.

A. Mission Description and Budget Item Justification

As prescribed by DoD Directive 5100.73, Major Headquarters Activities, signed by the Deputy Secretary of Defense on 13 May 1999, this Program Element funds costs associated with the operation of the headquarters and headquarters activities of the Missile Defense Agency. This project funds the following basic areas: Salaries and benefits for government civilian personnel assigned to the Agency headquarters, training, professional development, and travel for Agency personnel, rents, supplies and services for Agency facilities, facility and administrative support functions, specialized headquarters contract support, and international support.

Accomplishments/Planned Program

	FY 2005	FY 2006	FY 2007
Civilian Salaries	25,743	26,918	29,387

Funds the basic costs for government civilian salaries, payroll, and benefit costs for all personnel within this Program Element. Civilian staff functions funded from this project include the Command Group and Chief of Staff, the Small and Disadvantage Business Utilization Office (SADBU), Workforce Management, General Counsel, Legislative Affairs, centralized oversight of classified programs, and civilian management of

all MDA facility, maintenance, and housekeeping activities. Total staff funded by these dollars is approximately 180 civilians, with historical costs forming a firm basis for estimating future costs for this function.

	FY 2005	FY 2006	FY 2007
Training, Professional Development and Travel	2,888	3,234	3,257

This effort provides funding required for training and professional development required to maintain mandatory Acquisition Certifications for the MDA workforce, essential mission travel, and relocation costs for new government civilian employees hired from outside the NCR. Historical cost trends, an emphasis on enhanced use of video teleconferencing in lieu of travel, and known requirements for civilian workforce acquisition certification and training are all used to allow for accurate budgeting of costs for this function.

	FY 2005	FY 2006	FY 2007
Rents, Supplies and Services	20,301	21,104	19,480

This effort provides funds required to operate the MDA plant and related operational costs. This includes leases for commercial office space, as well as utilities and communications expenses at both the leased facilities and Federal Office Building 2 (FOB-2). The expansion of the MDA mission and associated growth of the Agency during the last several years has the Agency currently residing in FOB-2, Crystal Square II, Sequoia Plaza, and the Suffolk Building, and the Agency has warehousing space for storage of items needed for daily operations. Given the current size of the agency, virtually all of the costs within this project remain fixed: costs for utilities, commercial building leases, backup generator and HVAC maintenance and operations, and alarm systems and minor carpentry, electrical, and painting work requests consume 80% of the funding, with the remaining represented by fixed costs related to Metro transit subsidies, operational requirements to transport key leadership personnel, the costs of postage and express mail, and copier service/maintenance contracts. Rent costs for the MDA use of FOB-2 are included in Program Element 0901585C, Pentagon Reservation Maintenance Reserve Fund.

	FY 2005	FY 2006	FY 2007
Facility and Administrative Support	27,577	16,420	18,729

A large and fixed base of costs are required to perform Logistics and Administrative support of Agency operations - the transportation, janitorial and maintenance services, travel office staffing, mail room operations, and contract secretarial support that allow the civilian staff of the Agency to perform their operational mission.

APPROPRIATION/BUDGET ACTIVITY	R-1 NOMENCLATURE	
RDT&E, DW/06 RDT&E Management Support	0901598C Management I	Headquarters - MDA

The FY07 budgeted amount of \$19 million represents the fixed, steady-state costs required to pay for these vital services, as the historical FY05 and FY06 cost trends are not reflective of the fixed cost basis for these services. Two-thirds of the costs within this category represent fixed costs for transit services to shuttle MDA employees between the various Agency buildings, monthly purchasing, logistics, and telecommunications costs, fitness, cleaning, and maintenance contractual costs, and the costs to perform detailed planning and design associated with the relocation of Agency functions. The remaining costs represent contractor staffing costs to operate MDA supply and mailroom operations at multiple MDA facilities in the National Capital region, to provide contract secretarial support within various two-letter MDA offices, and to provide management analysis in the areas of management headquarters account processes and assess facilities, logistics, and administrative operations to identify opportunities to improve performance and customer service, and to introduce capability for enhancing effectiveness and efficiency.

	FY 2005	FY 2006	FY 2007
Specialized HQ Contract Support	22,258	16,807	14,551

This effort provides specialized, critical contractual services required to augment the government civilian staff performing Agency-wide Management Headquarters functions within a host of offices within the Missile Defense Agency:

Workforce Management - responsible for providing organization development consultation on corporate workforce management systems and issues. In addition, provides support for directing and managing the development, coordination, and execution of workforce management goals, objectives, policies, plans and programs for the Missile Defense Agency.

Financial Management - provides Ballistic Missile Defense Program accounting and fiscal policy support for the Missile Defense Agency and Missile Defense Agency Executing Agents. In coordination with the Defense Finance and Accounting Service, the DoD Comptroller, and the DoD Inspector General, develop, improve, and enhance the MDA financial process leading to a clean opinion on the audited MDA financial statement.

Office of the Chief of Staff Support - provides for direct costs and an augmentation to government staffing associated with MDA-wide protocol, major events and offsite meetings and their planning and management, the execution of Occupational Safety and Health programs to include staff training and purchase of emergency escape masks, and contractual staff to respond to congressional and interdepartmental requests for information, to include researching background information for use in answering Freedom of Information Act requests.

Legislative Affairs/Communications/General Counsel Support provides for purchases of outside services critical to the implementation of staff actions for these three areas. This includes the purchases and use of databases, publications, and proprietary information critical to these highly

specialized headquarters functions, the use of an MDA Booth, as well as augmented contractor staff to compile research information and to develop archiving systems and databases for use by civilian staff.

Small and Disadvantaged Business Utilization - while the majority of funding for Small Business efforts are funded within Project 0602 (Program-Wide Support), a small amount of funding from this project pays for the continuing development of policy initiatives for use in implementing the Agency's Small Business goals.

	FY 2005	FY 2006	FY 2007
International Support	0	2,497	1,985

This effort provides specialized, critical contractual services required to augment the government civilian staff performing Agency-wide International Management Headquarters support functions within the Missile Defense Agency, with particular emphasis on Israeli and Japanese cooperative efforts. Specifically, support is provided for developing the strategy, analysis, planning and implementation for all strategic (international and interagency) programs which requires program specialists with unique skills and experience in these key cooperative areas.

	FY 2005	FY 2006	FY 2007
Technical Security/Security Operations	11,895	0	0

Technical Security and Security Operations efforts, at a total of \$19 million per year, were transferred beginning in FY06 to Project 0602 (Program Wide Support). In FY05, two-thirds of the effort is funded within this PE, with the balance funded under Project 0102 in the BMDS Core PE.

These efforts serve to protect life, property, and program information at MDA facilities. Develops integrated security policy, overseeing security applications across the Agency's broad mission areas. Designs security countermeasures where appropriate and implements procedures that minimize the risk of loss or compromise of critical MDA information, programs, personnel and infrastructure, including the round the clock manning of all security operations centers within MDA that allow building access to both visitors and MDA staff. Serves as the principal advisor to the Agency on all security and program protection issues.
