BIBLIOGRAPHY

1. Clustering

2. Reminiscence

3. ECS (Electro convulsive shock)

4. Hypnosis

5. Interference

a. Retroaction

b. Proaction

c. Retroaction and Proaction

d. Similarity

e. Serial Position

f. General

6. Organization of Materials

a. Meaningfulness

b. Similarity

c. Frequency of occurrence and/or statistical structure

d. Semantic factors

e. Serial organization

f. General

182. King, D. J. and C. N. Cofer, Retroactive interference in meaningful material as a function of the degree of contextual constraint in the original and interpolated learning, Maryland University Technical Report 21, 1958.

7. Immediate and short-term recall and memory

236. Cofer, C. N. and J. C. Holroyd, Immediate recall of sentences and the factors of meaningful and associative relations among some of their constituent words, Maryland University Technical Report 24, 1959.

281. Rosenzweig, S., "The recall of finished and unfinished tasks as affected by the purpose with which they were performed," Psychological Bulletin, Vol 30, p 698, 1933.

285. Yntema, D. B. and G. E. Mueser, Remembering the present states of a number of variables. II. Keeping track of variables with few or many states, MIT, 1960.

287. Yntema, D. E. and G. E. Mueser, Remembering the present state of a number of variables. III. Why is it difficult to keep track of several variables with the same set of states, MIT Report 58G-0013, 1960.

8. Retention

a. Transfer

b. Physiological factors

c. General

9. Recognition
