ABSTRACT

An extensive list of publications concerned with programmed instruction. Listing is alphabetical by author or, in case of corporate author, by title.
INTRODUCTION

This bibliography is a supplement to the references listed in "Teaching Machines: A Review," by Charles S. Morrill, Psychological Bulletin, vol. 58, no. 5, pp. 363-375, 1961. It is intended to provide the reader with an extensive list of publications concerned with programmed instruction.

Available programs for instruction are not listed here. However, the April 1962 issue of Programed Instruction, the bimonthly bulletin of The Center for Programed Instruction, states that the Center has prepared a pamphlet entitled Programs '62: A Guide to Programed Instructional Material Available to Educators by September, 1962.

------. Knowledge of Performance: Survey of Literature, Some Possible Applications, and Suggested Experimentation. WADC Tech. Rept. 54-14, Wright Air Development Center, Air Research and Development Command, Wright-Patterson Air Force Base, Ohio, February 1954.

------ and ------. Radar Target Simulator for a Three-Dimensional Display. ICR Rept. 166-1-98, Johns Hopkins University, Baltimore, Md., November 1949. (Confidential)

ASHER, J. J. Sensory Interrelationships in the Automated Teaching of Foreign Languages. Psychology Department, San Jose State College, San Jose, Calif., no date.

------. The Impact of "Teaching Machines" on Educational Philosophy; from "Sponge and Sieve" to "Self-Serve Spoon Feeding" (Based on a paper read at the Ohio Psychological Association meeting, November 1960). Unpublished paper, Earlham College, Richmond, Ind.

———. Some Effects of Various Degrees of Supplemental Information Given at Two Levels of Practice upon the Acquisition of a Complex Motor Skill. HRRC Research Bull. 52-15, Air Training Command, Lackland Air Force Base, Tex., 1952.

BOYER, R. A. and W. A. THOMPSON, JR. Teaching Algebra by Machine. Unpublished draft, University of Mississippi, University, Miss., no date.

BRODY, L. A Study of the Learning of Selected Driving Skills through Exposure to a Specially Produced Motion Picture Film. NAVTRADEVCKN Tech. Rept. 78-2, ASTIA Doc. No. 237 913, New York University, New York, April 1960.

BRYAN, G. L. The AUTOMASTS: An Automatically-Recording Test of Electronics Trouble-Shooting. Rept. 11, Contract Nonr-228(02), NR 153-093, University of Southern California, Los Angeles, Calif., August 1954.

----------. An Experimental Battery for Measurement of the Proficiency of Electronics Technicians. Rept. 12, Contract Nonr-228(02), NR 153-093, University of Southern California, Los Angeles, Calif., March 1955.

BRYAN, C. L., J. W. RIGNEY, and C. VAN HORN. *An Evaluation of Three Types of Information for Supplementing Knowledge of Results in a Training Technique.* Tech. Rept. 19, Department of Psychology, University of Southern California, Los Angeles, Calif., April 1957.

CANTOR, J. H; and J. S. BROWN. An Evaluation of the Trainer-Tester and Punchboard Tutor as Electronics Trouble Shooting Training Aids. NAVTRADEVCEN Tech. Rept. 1257-2-1, Naval Training Devices Center, Special Devices Center, Office of Naval Research, Port Washington, N. Y., October 1956.

------ ET AL. The Classroom Communicator. SDC Tech. Rept. 269-7-14, Special Devices Center, Office of Naval Research, Port Washington, N. Y., October 1950.

"Choosing a Program," Programmed Instruction (Center for Programmed Instruction, New York), vol. 1, no. 2, 4, 6, October 1961.

------ and V. ZACHERT. Use of the Autotutor at Keesler AFB to Train in Fundamentals of Electronics. Memo. 1, Contract AF33-(616)-6983 CPFF, Western Design and Electronics, Division of U. S. Industries, Inc., Goleta, Calif.

ECKSTRAND, G. A. Cue Attention Habits as a Factor in Training. AF Tech. Rept. 6566, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio, 1951.

FERSTER, C. B. A Continuous Stencil Duplicator. Indiana University Medical Center, Indianapolis, Ind., 16 February 1960.

FITTS, P. M. Learning and Forgetting Changes as Related to the Dimensional Characteristics of Basic Skills. Quarterly Progress Rept. 6, The Ohio State University Research Foundation, Columbus, Ohio, 1951.

------ and C. CRANNELL. Location Discrimination. II: Effects of Twelve Days of Practice on the Accuracy of Reaching Movements to Twenty-Four Different Areas. AF Tech. Rept. 5833, Air Materiel Command, Wright-Patterson Air Force Base, Ohio, 1949.

GAGNE, R. M. and H. FOSTER. A Study of Transfer in a Motor Task with Varying Display Control Relationship. SDC Rept. 316-12, Special Devices Center, Office of Naval Research, Fort Washington, N. Y., 1948.

-------. Knowledge of Learning and Methods of Training. Paper presented at the Psychology Department Colloquium, University of Pittsburgh, Pa., 28 February 1958.

------. Principles and Problems in the Preparation of Programmed Learning Sequences. Programmed Learning Laboratory, Department of Psychology, University of Pittsburgh, Pa., September 1960.

----- ET AL. A Methodological Study of Electronics Troubleshooting Skill: I. Rationale for and Description of Multiple-Alternative Symbolic Troubleshooting Test. Department of Psychology, University of Southern California, Los Angeles, Calif., August 1953.

HIRSCH, R. S. The Effects of Knowledge of Test Results on Learning of Meaningful Material. Human Engineering Rept. SDC 269-7-30, Special Devices Center, Office of Naval Research, Port Washington, N. Y., September 1952.

HORROCKS, J. E., D. BOWLUS, and R. E. KRUG. Training 90mm AA Gun Crews. SPECDEV-CN Rept. 495-01-4, ASTIA Doc. No. 207 127, Ohio State University Research Foundation, Columbus, Ohio, 1 September 1953.

HOUSE, B. J. ET AL. Learning and Transfer in Mental Defectives. Progress Rept. 1, Department of Psychology, University of Connecticut, Storrs, Conn., October 1957.

*Instructional Film Research Reports, Vol. II.* NTDC Rept. 269-7-61, U. S. Naval Training Devices Center, Port Washington, N. Y., June 1956.

------ and R. L. SULZER. Overt and Covert Rehearsal of 50% versus 100% of the Material in Film Learning. Training Aids Research Laboratory, Air Force Personnel and Training Research Center, Chanute Air Force Base, Ill., January 1955.

KINKADE, R. C. Augmented Feedback and Tracking Skill. NAVTRADEVHEN Tech. Rept. 508-3, ADITA Doc. No. 230 999, Aviation Psychology Laboratory, Ohio State University Research Foundation, Columbus, Ohio, 26 October 1959.

------. Teaching Machines and Behavior Theory. University of California, Los Angeles, Calif.

------. "Programmed Instruction--Expandable or Expendable?" Programmed Instruction (Center for Programmed Instruction, New York), vol. 1, no. 2-3-6, October 1961.

------ ET AL. An Overview of Automatic Tutoring. Training Psychology Branch, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio, January 1950.

KUMATA, H. An Inventory of Instructional Television Research. Educational Television and Radio Center, Ann Arbor, Mich., 1956 (out of print). (Updated version to be published as a special supplement to the Audio Visual Communication Review.)

-----, "Teaching: Today and Tomorrow. Is Today's Teaching a Horse and Buggy Technique in a Space Age World?" IRE Student Quarterly, vol. 9, pp. 31-37, September 1959.

MAYER, J. Progress in Programmed Instruction. Student Self Instruction Project, Earlham College, Richmond, Ind.

--------. Psychological Considerations for the Design of Training Equipment. WADC Tech. Rept. 54-563, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio, December 1954.

New Teaching Aids for the American Classroom (a symposium on the state of research in instructional television and tutorial machines). Institute for Communications Research, Stanford University, Stanford, Calif., 1960.

PETERSON, J. C. "A New Device for Teaching, Testing, and Research in Learning," Transactions of the Kansas Academy of Science, vol. 33, pp. 41-47, 1930. (Note: The device itself was devised by H. J. Peterson and J. C. Peterson. However, the article describing it was written by the latter alone.)

------. Educational Acceleration: Appraisals and Basic Problems. Monograph 31, Bureau of Educational Research, Ohio State University, Columbus, Ohio, 1949.

PRESSEY, S. L. Some Items for a History of Automation of Teaching:
Self-Instructional Devices. Paper presented at a symposium on the
automation of teaching, American Psychological Association conve-

-------. "Some Perspectives and Major Problems Regarding Teaching
Machines," in Teaching Machines and Programmed Learning: A Source

-------. "A Third and Fourth Contribution toward the Coming 'Industrial
Revolution' in Education," School and Society, vol. 36, pp. 668-
672, 1932.

------- and F. P. ROBINSON. Psychology and the New Education. Harper
and Brothers, New York, 1944.

"Problems of Educational Freedom" (with commentary by P. G. Smith
and H. C. Hullfish), Indiana University School of Education Bulletin,

Programmed Instruction in Books and Teaching Machines (Pamphlet).

RAIIO, S. The Impact of Advancing Technology on Methods in Education.
Paper presented at the American Psychological Association annual
convention, Cincinnati, Ohio, September 1959.

-------. "A New Technique of Education," IRE Transactions on Education,
vol. E-1, pp. 37-42, 1958. (Also in Engineering and Science
Monthly, vol. 21, pp. 17-22, October 1957. Also in Teaching
Machines and Programmed Learning: A Source Book, ed. A. A. Lums-
daine and R. Glaser, pp. 367-381, National Education Association,
Washington, D. C., 1960.)

ROCK, R. T., JR. *The Influence upon Learning of the Quantitative Variation of After-Effects*. Contributions to Education No. 650, Teachers College, Columbia University, New York, 1935.

------, ------, and ------. Proposal for an Experiment to Examine the Influence of Several Factors in the Efficacy of a Prompting versus a Confirmation Procedure in Programming. Wright Air Development Center, Wright-Patterson Air Force Base, Ohio, August 1959.

------. Are We Ready for Teaching Machine Curriculums? ... Yes! Hughes Aircraft Co., Culver City, Calif., 1 December 1960.

-------. Methods and Devices for Putting an In-Service Training Program in Effect (Outline of a presentation to the Institute on In-Service Training and Intramural Communication for Supervisors, School of Library Science, University of Southern California, December 1960). No. 5, 6, 8, Industrial Systems Division, Hughes Aircraft Co., Los Angeles, Calif.

----- Textbook in Methods of Instruction. Hughes Aircraft Co., Culver City, Calif., 1 January 1957.

--------. "Teaching Machines: Fad or Fixture?" Education Digest, vol. 27, pp. 6-9, December 1961.

WILLIAMS, A. C., JR. Investigation of the Effectiveness of Flight Simulators as a Function of the Fidelity with Which They Simulate Aircraft. University of Illinois, Urbana, Ill., 1952.

--------. "The Effect of Type of Training upon Transference," Journal of Educational Psychology, vol. 18, pp. 159-172, 1927.

An extensive list of publications concerned with programmed instruction. Listing is alphabetical by author or, in case of corporate author, by title. Unclassified Abstract
