U. S. DEPARTMENT OF COMMERCE
5285 Port Royal Road, Springfield Va. 22151
This is a preliminary bibliography of Soviet material relating to internal wave problems which was retrieved during the last quarter of 1973. The list is not a comprehensive coverage, but rather represents the kind of material currently appearing in this field.

Entries are listed alphabetically by author; parentheses indicate a secondary source.

ARPA Order No. 1622-4
Contract No. F44620-72-C-0053, P00003
Program Code No.: 62701E3F10
Principal Investigator:
Stuart G. Hibben
Name of Contractor:
Informatics Inc.
Tel.: (301) 770-3000
Effective Date of Contract:
January 1, 1974
Program Manager:
Klaus Liebhold
Contract Expiration Date:
June 30, 1974
Tel.: (301) 770-3000
Amount of Contract: $137,685
Short Title of Work:
"Internal Waves"

This research was supported by the Advanced Research Projects Agency of the Department of Defense and was monitored by the Air Force Office of Scientific Research under Contract No. F44620-72-C-0053. The publication of this report does not constitute approval by any government organization or Informatics Inc. of the inferences, findings, and conclusions contained herein. It is published solely for the exchange and stimulation of ideas.
