The contents of this report are not to be used for advertising, publication, or promotional purposes. Citation of trade names does not constitute an official endorsement or approval of the use of such commercial products. The findings of this report are not to be construed as an official Department of the Army position, unless so designated by other authorized documents.
USER EVALUATION OF REPORT

Please take a few minutes to answer the questions below, tear out this sheet, and return it to CERL. As a user of this report, your customer comments will provide CERL with information essential for improving future reports.

1. Does this report satisfy a need? (Comment on purpose, related project, or other area of interest for which report will be used.)

__________________________________________________________________________

__________________________________________________________________________

__________________________________________________________________________

2. How, specifically, is the report being used? (Information source, design data or procedure, management procedure, source of ideas, etc.)

__________________________________________________________________________

__________________________________________________________________________

3. What is your evaluation of this report in the following areas?
   a. Presentation: _____________________________
   b. Completeness: ___________________________
   c. Easy to Understand: ______________________
   d. Easy to Implement: _______________________
   e. Adequate Reference Material: ______________
   f. Relates to Area of Interest: _______________
   g. Did the report meet your expectations? __________
   h. Does the report raise unanswered questions? __________
i. General Comments (Indicate what you think should be changed to make this report and future reports of this type more responsive to your needs, more usable, improve readability, etc.)

4. If you would like to be contacted by the personnel who prepared this report to raise specific questions or discuss the topic, please fill in the following information.

Name: ________________________________

Telephone Number: ________________________________

Organization Address: ________________________________

5. Please mail the completed form to:

Department of the Army
CONSTRUCTION ENGINEERING RESEARCH LABORATORY
ATTN: CERL-SOI
P.O. Box 4005
Champaign, IL 61820
This report provides a list of individuals who are participating in software engineering standardization. Volume I provides the findings of a study to evaluate the maturity of the software development process and its accompanying standards, project future development in the field, and to identify areas needing standards and the means for achieving the required standardization.
FOREWORD

This study was performed for the Energy Branch (EPE), Energy and Power Division (EP), of the U.S. Army Construction Engineering Research Laboratory (CERL) by Science Applications, Inc., McLean, VA, under Contract No. DACA88-76-C-0010. Mr. D. C. Hittle was the CERL Principal Investigator.

The work was funded by the Directorate of Military Construction, Office of the Chief of Engineers (OCE), under Project 4A762725AT11, "Engineering Software Development." The OCE Technical Monitor is Mr. R. A. McMurrer.

COL J. E. Hays is Commander and Director of CERL and Dr. L. R. Shaffer is Technical Director. Dr. D. J. Leverenz is Chief of EPE and Mr. R. G. Donaghy is Chief of EP.
SOFTWARE ENGINEERING: VOLUME II, SOFTWARE STANDARDS
PERSONNEL INVENTORY

This volume lists persons who have demonstrated interests in computer-related standards through work in standardization organizations, authorship of articles, or work on contractual efforts in the field. The second column gives codes indicating participation in the organizations or authorship of articles listed in the bibliography. The codes and other abbreviations used are defined in the list of abbreviations on p 101.
