INTRODUCTION

Since 1959 the United States Air Force Academy has hosted, in association with the American Assembly of Columbia University, the annual Academy Assembly. The American Assembly was founded by President Eisenhower as a forum for informed discussion of public issues by college students. This Forty-fifth Academy Assembly is being held at the U.S. Air Force Academy, 4 – 7 February 2003.

In support of the Academy Assembly, the Directorate of Libraries produces a special bibliography of Air Force Academy library materials relevant to the current year’s theme. The theme for the 2002/2003 academic year is: America’s Challenges in an Unstable World: Balancing Security with Liberty. This year’s bibliography, number 100 in the library’s Special Bibliography Series, was prepared by Frances K. Scott, Social Sciences Bibliographer and Reference Librarian, who has prepared the annual Academy Assembly bibliography for the past eleven years.

For those of you who are participating in this year’s Academy Assembly, we welcome you to your Air Force Academy. We hope that during your participation in the Assembly you will have time to visit the library at the north end of Fairchild Hall.

For those libraries that are receiving this bibliography as a complementary part of the Academy’s Gifts and Exchanges program, we hope that it will be beneficial to you and your patrons.

Comments about this year’s bibliography, or requests by libraries to be put on the mailing list for future bibliographies, should be sent to:
