INTRODUCTION

This *Special Bibliography Series*, Number 109, “High Flight: History of the U.S. Air Force Academy,” was developed by History Bibliographer and Reference Librarian, Mr. Joseph Barry (with assistance from the Special Collections and Academy Archives Branch) in support of the 22nd Triennial (previously biennial) Military History Symposium to be held at the Air Force Academy, 28 – 30 September 2009.

The bibliography should be viewed as a starting point for students, scholars and others interested in finding materials on the more than fifty years of the United States Air Force Academy’s history. Most of the titles in this bibliography are from the McDermott Library collections. The bibliography is arranged by topic and within each category both published and unpublished materials are listed alphabetically by author.

In addition to developing future Academy symposia bibliographies, the McDermott Library will continue to produce the quinquennial bibliographies in the series, “United States Air Force Academy: A Bibliography”—the first published in 1964; the next expected in 2010. We welcome suggestions for additions and any important documents about the Air Force Academy that were not captured in this or past bibliographies. Questions and comments about this addition to the *Special Bibliography Series* should be addressed to Mr. Barry at:

HQ USAFA/DFLIBR
Attn: Mr. Joseph Barry
History Bibliographer
2354 Fairchild Drive, Ste 3C9
USAF Academy CO 80840-6214

If you are a participant in this year’s 22nd Military History Symposium, we welcome you to your Air Force Academy. We hope that during your stay you will have the opportunity to visit the Academy’s McDermott Library, located at the north end of Fairchild Hall.

By writing to the address above, other libraries may obtain (free of charge) a copy of this bibliography as part of the Academy Library’s gifts and exchanges program. It, and the rest of the *Special Bibliography Series*, are also available on the McDermott Library’s web site.
