PREFACE

*Ethics: A Selected Bibliography*, now in its seventh revised edition, was compiled to support the study of ethics, one of the U.S. Army War College's enduring themes. This list, like our earlier ethics bibliographies, focuses on military ethics, as well as some other selected contemporary ethical issues. It contains some citations from the sixth edition in addition to notable materials that were added to the collection since it was last published in 2003.

All items in this bibliography are available in the USAWC Library. For your convenience, at the end of the entries, we have added library call numbers, Internet addresses, or database links. Web sites were accessed during June 2010.

This bibliography and others, compiled by our research librarians, are available online through the Library's home page [http://www.carlisle.army.mil/library/bibliographies.htm](http://www.carlisle.army.mil/library/bibliographies.htm).

For additional information, please contact the Research and Information Services Branch, U.S. Army War College Library by sending an e-mail message to USAWC.LibraryR@us.army.mil, or by phoning DSN 242-4259 or Commercial (717) 245-4259.
