Global Governance: The Role of States and International Organizations

October 2003
INTRODUCTION

This Special Bibliography Series, Number 102, “Global Governance: The Role of States and International Organizations” was developed by Social Sciences Bibliographer and Reference Librarian Frances K. Scott in support of the 46th annual Academy Assembly to be held at the Air Force Academy, 3 – 6 February 2004.

Beginning in 1959, the Air Force Academy has sponsored the Academy Assembly as a forum for college students to discuss contemporary public issues. In support of that effort, the Directorate of Libraries develops an annual bibliography of books and journal articles focusing on the current year’s topic.

If you are a participant in this year’s Academy Assembly, we welcome you to your Air Force Academy. We hope that during your stay you will have the opportunity to visit the Academy’s McDermott Library, located at the north end of Fairchild Hall.

We are pleased to make this bibliography available to other libraries free of charge as part of the Academy library’s gifts and exchanges program. Libraries wishing to receive this bibliography or to be on the permanent mailing list for future bibliographies should write to:

Comments about this year’s bibliography or other Academy library programs should be sent to the address above.
