THE UNITED STATES AIR FORCE ACADEMY:

a bibliography

Compiled by the Staff
of the U. S. A. F. Academy Library

USAFARP 212-1, 15 APRIL 1966
INTRODUCTION

This bibliography represents materials pertaining to the United States Air Force Academy for the ten years from 15 August 1954 to 15 August 1964. It also contains some important unpublished holdings of the Academy Library covering those and earlier years which warrant inclusion. Most Academy generated materials are not included. Newspapers, other than The New York Times and The London Times, are not cited, and reports of specific athletic events in these two papers are, in general, excluded.

Arrangement is by subject, each section then subdivided into Air Force manuals and regulations, books, newspapers and periodical articles, government documents, and other sources. A number has been assigned to each entry, with index terms keyed to that entry by use of the identifying number. Where call numbers or the designation "Spec. Coll." are given, they indicate the location of the materials in the USAFA Library.

Official Air Force publications current as of 15 August 1964 are listed with the latest date of publication. Annual publications are listed as closed entries with the last publication date preceding 15 August 1964. Items which cover more than one subject division in the bibliography are listed in each division with the appropriate page references.

Much additional material is housed in the Special Collections Branch of the Library. Among these are papers dating from 1918 which relate to establishing an air academy. These are not included since they have no specific bearing on the Academy as it now exists.

The Library staff solicits any additional references for the period covered which are not included in this bibliography. Such information may be sent to the Director of the Library, U. S. Air Force Academy, Colorado. Requests for the loan of any material or for its use at the Academy will also be sent to the Director.

This bibliography supersedes Special Bibliographies Nos. 2, 9, and 18, compiled by Miss Mary A. Marinan and published in 1957, 1959, and 1961. It was compiled and indexed by Mrs. Ottie K. Sutton, Reference Librarian, under the general supervision of Mr. Donald J. Barrett, Chief, Public Services Division, U. S. Air Force Academy Library.
