TIPS AND OPPORTUNITIES AVAILABLE FOR SMALL BUSINESSES

► *Mr. Jim Regan, Executive Director, Procurement Technical Assistance Program, George Mason University*

An overview of local and Internet based resources which can help companies more effectively pursue their government business objectives. In addition to how to find local resources and the services available through nationwide programs, such as Small Business Development and Procurement Technical Assistance Centers (PTAC), the presentation will highlight a number of sites that any company interested in government procurement must have as part of their knowledge base. Many of these, such as GSA's Federal Supply Schedule Virtual University and Federal Procurement Data Base, are extracted from one of the more popular George Mason University's PTAC seminars entitled "Internet for Government Contractors."

PREPARING YOUR PROPOSALS TO WIN MORE CONTRACTS

► *Mr. Robert Spitzbarth, Procurement Analyst, Acquisition Center, U.S. Army Tank-Automotive and Armaments Life Cycle Management Command*

This breakout session is designed to help Small Businesses compete more effectively under RFPs where award will be made on a Source Selection Trade-off basis. Topics include (a) how to better read and understand the RFP evaluation criteria and basis of award, (b) responding to evaluation criteria involving assessments of Proposal Risk (e.g. Technical Approach) and Performance Risk (Past Performance), (c) when to expect the conduct of discussions, (d) understanding the Government's Source Selection decision making process for selecting the winner, and (e) top messages and tips for competing more effectively.

ENHANCING YOUR BUSINESS OPPORTUNITIES THROUGH ORGANIZATIONAL BRANDING AND STRATEGIC COMMUNICATIONS

► *Ms. Janet Chihocky, Founder & CEO, JANSON Communications*

This session is designed to increase the participant's understanding of "Strategic Communications" and their importance to a firm's market positioning and program relevancy. Various approaches to applying strategic communications will be discussed along with lessons learned on how such approaches, when properly applied, can provide critical tools for helping to influence and engage different stakeholder groups. It will also discuss the use of planning and execution tied to research, data analysis, branding and effective messaging, and how they contribute to an effective strategic communications strategy.

SMALL BUSINESS INNOVATIVE RESEARCH (SBIR) OPPORTUNITIES

► *Mr. M. John Smith, Program Manager, SBIR, U.S. Army Research, Development and Engineering Command*

This session provides attendees with the description of, and the means to, participate in R&D opportunities funded through the two Army programs with an annual budget of approximately \$244M. SBIR funds high impact, dual-use technology projects deemed critical to the Army in ten broad areas of Science and Technology. The overall objectives of SBIR are to stimulate technological innovation, increase small business participation in federal R&D, increase private sector commercialization of technological advances developed with federal R&D, and increase participation by woman-owned and socially and economically disadvantaged small businesses. STTR joins the talents of small businesses and research institutions to quickly move ideas from the laboratory to the marketplace.

INDUSTRY PARTNERSHIP OPPORTUNITIES WITH AMC

► *Mr. Alan Lee, Team Leader, Industrial Base Capabilities Division, G-4, HQ AMC*

This session will provide information on the Army Materiel Command (AMC) Partnership Program to include defining a partnership, the goal and objectives of the program, examples of current partnerships, and how your firm might participate in the program. AMC has significant industrial capabilities in its depots and manufacturing arsenals, which can be used to supplement work by private sector firms in meeting defense requirements and performing some commercial work. These capabilities include facilities, specialized equipment and tooling, and an available trained workforce. AMC's goal is to develop mutually beneficial relationships that build on the strengths of each partner and create increased value.

IT AND PROFESSIONAL SERVICES BUSINESS OPPORTUNITIES

► *Ms. Karen Baker, Assistant Associate Director, Office of Small Business Programs, National Capitol Region Contracting Center (NCRCC)*

This organization has responsibility for providing contract services in the National Capitol area for both Information Technology (hardware, software, and IT services), and Professional Services including: administrative support; studies & analysis; and human relations. Ms. Baker will discuss contracting opportunities available and offer suggestions on how to successfully conduct business with NCRCC.

MR. JEFFREY P. PARSONS, EXECUTIVE DIRECTOR, ARMY CONTRACTING COMMAND

Mr. Jeffrey P. Parsons is the Executive Director of the U.S. Army Contracting Command (ACC), a major subordinate command of the U.S. Army Materiel Command (AMC). The ACC provides global contracting support to Warfighters through the full spectrum of military operations. Mr. Parsons commands over 5,500 military and civilian personnel worldwide, who award and manage over 245,000 contractual actions valued at more than \$100 billion per fiscal year. He exercises command and procurement authority over two subordinate commands, the Mission and Installation Contracting Command and the Expeditionary Contracting Command; and also leads seven major Contracting Centers which support AMC's other major subordinate commands and Life Cycle Management Commands. Mr. Parsons was appointed to the Senior Executive Service on December 15, 2003.

Prior to assuming his current position, Mr. Parsons served as the Director of Contracting, Office of Command Contracting, Headquarters, AMC, Fort Belvoir, Virginia. Responsibilities from the Office of Command Contracting transitioned into the Army Contracting Command. Mr. Parsons continues to serve as the Principal Advisor to the Commanding General of AMC and her staff on all contracting matters and as the AMC Career Program Manager for the Contracting and Acquisition Career Program, with responsibility for the recruitment, training, education, and professional development of the civilian and military contracting professionals who are part of the acquisition workforce.

Prior to his appointment to the Senior Executive Service, Mr. Parsons was the Director of Contracting, Headquarters, U.S. Air Force Materiel Command, Wright-Patterson Air Force Base, Ohio, where he retired from active duty as an Air Force Colonel after 26 years of service. He was responsible for developing and implementing contracting policies and processes to annually acquire \$34 billion in research and development, production, test, and logistics support for Air Force weapon systems. He was directly responsible for the training, organizing, and equipping of more than 3,000 contracting professionals.

Mr. Parsons' contracting career began in 1977 as a base procurement officer supporting the 90th Strategic Missile Wing at F. E. Warren Air Force Base, Wyoming. He held a variety of positions as a contracting officer with a wide range of experience touching on all aspects of systems, logistics, and operational contracting. He was the Director of Contracting for a multi-billion dollar classified satellite program operated by the National Reconnaissance Office and served twice as a plant commander in the Defense Contract Management Agency. Mr. Parsons also held several key staff positions at Headquarters, U.S. Air Force, the Air Force Secretariat, and with the Office of the Secretary of Defense, in which he was responsible for the development, implementation, and management of integrated, coordinated, and uniform policies and programs to govern DoD procurement worldwide.

Mr. Parsons received his bachelor's degree in Psychology from St. Joseph's University, Philadelphia, Pennsylvania, and holds two masters degrees – one in Administration with a concentration in Procurement and Contracting from George Washington University, Washington, D.C., and the other in National Resource Strategy from the National Defense University.  - ❑ Contacting Officer, Contract Specialist, COTR or Other
- ❑ Introductions – Don't lead with your SB status – what can you do for the bottomline?
 - ❑ What difference are you going to make in profitability?
 - ❑ What problems are you going to solve?
 - ❑ How are you going to make them more efficient, save them money?
 - ❑ It's not your socio-economic status that earns you the right to do business with the company or government, it's your competence in business that earns you that right, and that what you lead with – every single time!
- ❑ Holiday Greeting Cards – Be Different and Stand Out
- ❑ Ensure Consistency between websites, CCR, Business Cards, etc.
- ❑ Always Request a Debriefing (Win or Lose)
 - ❑ Don't argue the results or attack Gov't Personnel
 - ❑ Utilize this time to gain insight

?? Sample Debriefing Questions ??

- ☐ Was our proposal responsive to your needs? If not, which ones did we miss?
- ☐ Did we meet all the solicitation requirements? If not, where were we deficient?
- ☐ Did it sound like we understood your project? If not, which aspects did we come up short on?
- ☐ Did we clearly call out the benefits to you of our approach? If not, which ones did we miss?
- ☐ Was our technical approach to resolving your problem adequate? If not, what was it lacking?
- ☐ Was our approach to managing the project what you were looking for? If not, how could we have improved it?
- ☐ Was the proposal easy to understand and follow? If not, which sections did you have trouble with?
- ☐ Were our costs too high?

Survival Tips

- ☐ Past Performance References & Financial References
 - ☐ Be careful who you use – will they really give you a good reference?
- ☐ Terms of Art – know and understand what you are talking about (FAR , NAICS)
- ☐ Trade Associations – utilize membership by making voice heard on Capital Hill
- ☐ Know your Competition – Know your Market
 - ☐ Market 1-2 agencies and then expand your market base (Not EVERY agency at once)
- ☐ Be aware of agency's priority preference – are their mandatory contracts?
 - ☐ Army Contracting Command – Office Supplies are purchased off mandatory BPA
- ☐ Become web-savvy or hire someone who is (Student)
- ☐ Understand Laws & Regulations that Impact you
- ☐ Promise only what you can deliver!
 - ☐ Keep your integrity & be honest
 - ☐ Deliver on time and on budget
 - ☐ Nothing Sell Better than Great Performance!

Questions?

EFFECTIVE BRAND POSITIONING: THE VALUE OF YOUR MESSAGE

PROCESS

THINK
CREATE
VALIDATE
DELIVER

Real Partnerships. Proven Results.

GROWTH.

Everyone ~~needs~~ WANTS it.

EXCUSES

“Now go get us
20% market share”

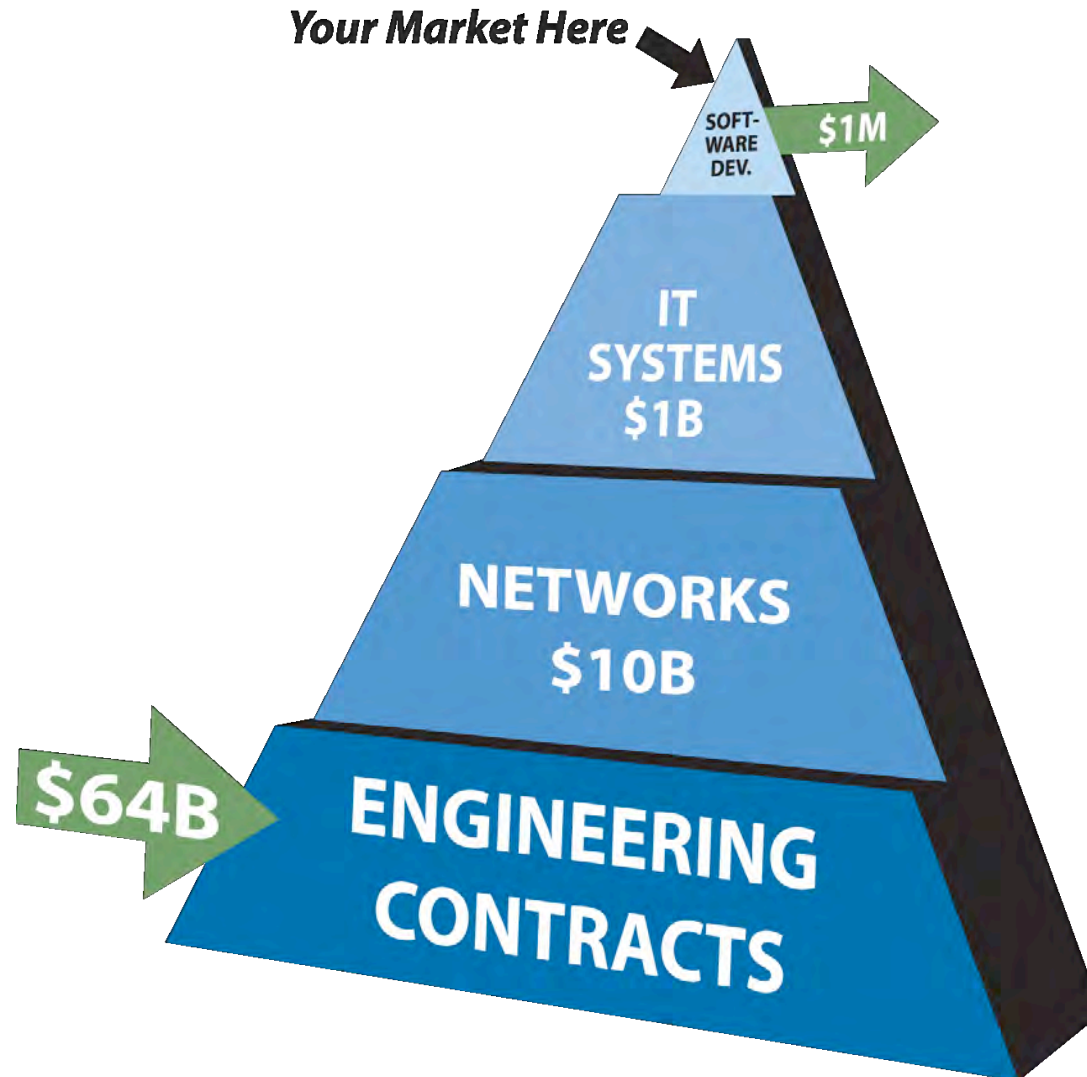

A changing formula

BEWARE: The allure of BIG numbers.

\$64B

Five considerations to assess opportunities:

1. Gather the data
2. Know your story
3. Pivot the communications
4. Culture matters
5. Measure results

Step 1: Gather data

Consider:
Is this **REALLY** worth it?

Don't inhale your own exhaust.

(Your challenge: avoid “forcing” fit to gain \$)

Identify: Capabilities to succeed.

Got milk?

WHAT does your customer REALLY buy?

- price
- product feature
- service
- relationship
- trust

Step 2: Know your story

What you do and how it
adds value to the customer

authenticity

Pitfall: Expanding into areas that are not logical extensions of your story/brand.

Run the risk of diluting your message

If managed strategically
you can improve your brand position

Step 3: Pivot the communications

Align your communications
strategy and brand story

Test. Adjust. Test. Adjust. Execute. Measure.
Repeat.

Focus on the ultimate aspects of brand equity:

- **Awareness** – Develop understanding among target stakeholders and potential new prospects of your complete offering (recognition and recall)
- **Association** – Stakeholders to identify with the brand through products or services
- **Enhanced Value** – Promoting the organization brand with an emphasis on your complete value proposition

“We no longer view the command post as a bunch of tents and rigid-walled vehicles. It’s a weapon system.” Col. Cris Boyd, Army

Step 4: Culture matters

Culture eats strategy
for breakfast.

Challenge yourself:
does each activity ADD VALUE
to the customer?

Step 5: Measure results

Challenges– Need Your Support 2011

- Responsibly Drawdown equipment in Iraq and Afghanistan
- Major task – requires “creative” thinking and execution to accomplish
- Identify and Address Inefficiencies as we shape our Future Army
- We need your support to overcome the obstacles that inevitably develop in a logistics operation of this magnitude
- Ensure that Acquisition Process is Amenable to Technological Evolution
- Ensure that Acquisition Workforce has the capabilities to address future requirements

Final Thoughts

- **WE** continue to do **GREAT** things for our **Soldiers** during a period of persistent conflict
- **RESPONSIBLE** resource stewardship
- Should be **ONE-TEAM** with multiple players and a spectrum of skills working to a common purpose through Collaboration, Communication & Cooperation
- Can't do this without each of you in this room

Capture Emerging Technology to Support Efficiency Initiatives

... the vast majority of innovative and revolutionary components, systems, and approaches that enable and sustain our technological advantage reside in the commercial marketplace, in small defense companies, or in America's universities. Therefore, the Department will work to establish requirements and pursue specific programs that take full advantage of the entire spectrum of the industrial base at our disposal: defense firms, purely commercial firms, and the increasingly important sector of those innovative and technologically advanced firms and institutions that fall somewhere in between.

Army Portion of Government Wide Small Business Spending in FY09

“It is the declared policy of the Congress that the Government should aid, counsel, assist, and protect, insofar as is possible, the interests of small-business concerns in order to preserve free competitive enterprise...”

“The essence of the American economic system of private enterprise is free competition. Only through full and free competition can free markets, free entry into business and opportunities for the expression and growth of personal initiative and individual judgment be assured. The preservation and expansion of such competition is basic not only to the economic well-being but to the security of this nation.”

President Obama on Small Business

“Small businesses create two out of every three jobs in this country. So our recovery depends on them.

And if we want to keep America moving forward, we need to keep investing in our small businesses. This is, by the way, more important than just our economy. It's also about who we are as a people.”

“Small businesses are the backbone of our economy. They are central to our identity as a nation.”

- **Bundling**

New FAR language is mandate to establish a Government-wide policy regarding bundling including teaming and joint venturing by small businesses, and publicizing the rationale for bundling.

- **Consolidation**

The Senior Procurement Executive will now be required to consider market research, alternative contracting approaches, negative impact to small businesses, approaches as well as steps taken to ensure small businesses are included in the acquisition strategy. The Senior Procurement Executive will be required to make a determination that the benefits of the acquisition strategy substantially exceed the benefits of alternative contracting approaches for all contracts over \$2M.

- **Subcontracting Misrepresentations**

This will require offerors to submit a representation that they will make a good faith effort in the same amount as in their proposal.

- **Set-Asides for Multiple Award Contracts**

Allows small business set-asides on MACs, set asides of orders under MACs and reservation of contract awards for small businesses under full and open MAC procurements.

- **Agency Accountability**

Requires each procurement employee or program manager to communicate to subordinates the importance of achieving small business goals.

- **Payment of Subcontractors**

Requires prime contractors to notify CO of payment of a reduced price to a subcontractor or any past due payment of more than 90 days. The results will be included in the contractor's performance evaluation.

- **Repeal of the Small Business Competitive Demonstration Program**

This will apply to the first full fiscal year after the bill is enacted.

- **Small Business Size and Status Integrity**

Requires certification of small business size and status, including the signature of an authorized official, as well as annual certification in ORCA. Requires Government-wide policy be issued on prosecution of small business size and status fraud.

- **Training for Contracting Personnel**

Requires courses for acquisition personnel in the proper classification of business concerns and small business size and status

- **Updated Size Standards**

Requires the SBA to review 1/3 of all the size standards every 18 months and make appropriate adjustments.

- **Mentor-Protégé program**

Requires a GAO report on the effectiveness of the 8(a) M-P program. Allows SBA to establish M-P programs for HUBZones, WOSBs, SDVOSBs similar to the 8(a) M-P program.

- **Small Business Contracting Parity**

Creates parity among the 8(a), HUBZone, SDVOSB and WOSB programs.

SOLDIERS • FAMILIES • ARMY CIVILIANS

- **As a result of SB Jobs Bill Act of 2010 – two FAR cases have been opened:**
 1. Socio-Economic Parity – report due to Civilian Agency Acquisition Council 27 October
 2. Repeal of the Competitive Demonstration Program – approved by DAR Council – sent to CAAC week of 15 October
- **Other cases will be opened to address:**
 1. MAC contracts – set-asides for SB
 2. Bundling/Consolidation
 3. Subcontracting Misrepresentations
 4. SB Subcontracting improvements
 5. Payment of subcontractors
 6. Annual certifications

Women Owned Small Business Program

- FR Final Rule effective February 4, 2011
- Two Categories
 1. Women Owned Small Businesses (WOSB)
 2. Economically Disadvantaged WOSB (EDWOSB)
- 83 4-digit NAICS codes are available for WOSB set-asides.
- Offeror required to provide documentation to prove eligibility in SBA Repository or to CO if repository not available
- Offeror must register WOSB/EDWOSB status in both CCR and ORCA
- Competitive set-aside for acquisitions equal or less than \$5M for manufacturing/\$3M for all others
- No sole source authority for this program
- Applies to prime contracts only

The Roadmap

- **Partner with the development side**
 - Easier to catch a new application than displace an old one
 - Understand market potential of development side product/service offering. Small Bus. product success is dependent
- **Patience/Persistence/Value**
- **Contracting/Contracting/Contracting**
- **Leverage your strengths**

Partner With Development

- **Listen to their needs**
 - Sell what they want, not just what you have
 - Be responsive and flexible
 - Go for the win/win
- **Lots of Vehicles to do this**
 - SBIR
 - OSCR
 - BAA's

Example-Pouch Cell

1992-1993	Army expresses interest in pouch tech-company decides to pursue
1993	SBIR Phase I
1994	SBIR Phase II
1995-1996	Internal Development
1997	SBIR Phase III
2000-2002	In House Commercialization

Patience/Persistence/Value

- **Be patient.** Needs are urgent but the process rules
- **Persist.** Users and agencies want to know that you have a long term commitment
- **Bring value.** Be able to explain in very simple terms how you can help in a unique way
- **Partner with a large business**

Example-MnO₂ Technology

2000-2002	OSCR Program for MnO ₂ Manufacturing Tech. Development
2003-2005	Fielded technology in BA-5390 contracts for OIF
2008-2010	Achieved major market share

Partner With A Large Business

- Large business as a prime
 - Has incentives to use small businesses
 - All have active Small Business programs
 - Get engaged
 - Be professional-you are interviewing for a job
- A small business can also be a prime
 - Requires accounting and contracting infrastructure

Example-Land Warrior

1998	Engaged with Land Warrior Program and GD-sold our technology and development capability
2001-2006	Ongoing LW development with GD
2007-2008	Field testing
2009	Program not funded
2010	Program back and now deployed-supply through DLA
2010-Forward	Adoption by int'l allies

Unsuccessful Examples

- Small businesses as “pass through” distributors
 - No value add
 - Credit, payment and accounting issues
- Small businesses that do not take contracts and accounting seriously
 - Still need a contracting infrastructure
 - Still need auditable financial records
 - Still subject to other rules like ITAR

Contracting

- **Small businesses are advantaged**
 - Set-asides
 - Subject to fewer FAR reqmts than large Cos.
 - GSA Schedule Contracts
 - Prime contractors have incentives and requirements to use small businesses
 - Small business can prime for large business
- **Learn how to work with Contracting Officers, DCMA and DCAA**

Infrastructure

- **Once you have started doing government business, use the infrastructure you have developed**
 - People/satisfied customers will refer you
 - Contracting vehicles make it easier for others to do business with you
 - Experience of dealing with Buying Authority FAR requirements, and agencies like DCMA and DCAA

Get Engaged

- Resources are available
 - Learn what they are and use them
 - SBA Office of Government Contracting
 - Procurement Technical Assistant Centers
 - SBA online training courses
 - Ask when you don't know
- Build your business and help the war fighter to continue to get the best technology and services available

GPSC Structure and Alignment

- **Organizational Structure and Alignment**
 - One voice to supply base
 - Customer focused, integrated in the Business Units
 - Leverage size & scale to provide superior synergies for suppliers
 - Standardized work/common processes
- **Targets and Metrics**
 - Suppliers aligned with Business Unit priorities
 - Clear and consistent to all levels of the organization
 - Responsibility and accountability
 - Common systems and tracking internal and external
- **Work Streams Focused on Synergies, Size & Scale to Benefit both Oshkosh and our Suppliers**

GPSC 4 Priorities

Delivery / Supply Chain

Develop Supply Chain Capability

- On time delivery to station
- Premium freight
- Achieve budgets (Logistics, Inventory, Containers)
- Value chain mapping
- Ensure strong Supply Chain capability
- Manage critical supplier issues
- Support Manufacturing Footprint

Quality / Launch

Quality / Cost Improvements Total Cost Approach

- Plant Disruptions/ Stock outs/ Down time
- Flawless Launch Execution
- Waste elimination
- Warranty improvement

NPD - Program Management

New Programs @ Right Quality, Right Time, Right Cost

- Right resources dedicated to the project
- On time achievement of milestones
- Quality of engineering / design / services / technology
- Design to cost vs. cost of design

Competitiveness

Best Landed Cost Globally

- Best landed cost (TLC)
- Sustainable cost structure
- Cost driver / detailed supplier cost break downs
- Value creation vs. competition
- Grow Best Performing Suppliers
- Global Sourcing
- Proactive Supply Base Restructuring

Suppliers Must Perform To All Four Priorities

What Does OSK Look For in a Supplier?

- Knowledge – of overall industry, specific commodity, and technology benchmarking
- Ability to identify strengths and weaknesses
- Attention to detail
- Obsessed with continuous improvement
- Strive for stretch targets
- Sustainable cost advantage = Best-in-Class value
- Adapt quickly to a rapidly changing environment
- Superior Culture, Behavior, and Performance

WELCOME

- VA's Office of Small and Disadvantaged Business Utilization (OSDBU) is proud to lead the Federal Government in procurements to Service Disabled Veteran Owned Small Business (SDVOSB)
- For this and other reasons – VA earned an “A” on the Small Business Administration (SBA) Annual Scorecard
- Impact of Public Law 109-461 – provides unique advantages to VA for procurements to SDVOSB and other Veteran Owned Small Business (VOSB).

Public Law 109-461 - Advantages for Veterans

- Sole Source and Set Aside for contracts
- Applicable to SDVOSB and VOSB
- Mandatory if included in the database maintained by the Secretary for verification of small businesses – the Vendor Information Pages (VIP)
 - **OTHER STATUTES**
 - P.L. 111-240 - Small Business Jobs Act of 2010
 - P.L. 111-275 – Veterans Benefits Act of 2010

VERIFICATION

- VA verification to reduce likelihood of fraud
- Backlog of about 1,929 applications awaiting timely (90-day) VA verification
- Corrective action – refocus activities of the Center for Veteran's Enterprise (CVE) program office
- Staffing shortages
- Five key contracts to assist processing

OUTREACH

- Over 100 conferences and offsite speaking engagements during CY 2010
- Host 7th Annual National Veteran Small Business Conference and Expo 2011 will be held at the Ernest N. Morial Convention Center August 15-18, 2011, in New Orleans, LA
- “Matchmaking”

PROTESTS

- Who has standing to protest and the process involved
- Typical protest issues
- Internal VA requirements to achieve protest decision
- OSDBU attempts to complete a protest decision within 30 days; the reality is that it can take months to resolve a complex protest

SUSPENSION AND DEBARMENT COMMITTEE

- OSDBU's Executive Director Chairs the Debarment Committee
- Committee provides recommendations to VA's Senior Procurement Official, who serves as the Debarment Official
- Deliberates on cases of reported fraud
- Not a punitive body

MENTOR-PROTÉGÉ

- All participants must be “Verified” in the Vendor Information Page (VIP) database
- Protégé receives guidance from more experienced business
- Mentor receives credit for effort
- VA’s Pilot Mentor Protégé Program closed August 13, 2010 after receiving 119 submissions for the initial 25 agreements
- Open season application periods to follow for other interested parties

SUBCONTRACTING PROGRAM

- VA OSDBU's next major challenge
- Subcontracting is seriously lagging behind prime contracting
- Planned collection of additional information from subcontractors to validate performance
- Anticipate much improvement via VA's T-4 Program

COUNSELING SERVICES

- Face-to-face meetings with business owners
- Counseling tailored to business need – based on customer issues
- Works with Procurement Technical Assistance Centers (PTACs) and Small Business Development Centers (SBDCs) regarding marketing and business development activities and other certificate programs

VENDOR DAY

- Hosted monthly as adjunct to outreach initiatives
- Often provides forecast of goods and services needs
- Anticipate introducing a Virtual Vendor Day

FEDERAL CONTRACTOR CERTIFICATION

- Four progressive levels of training on understanding Federal contracting, preparing knowledgeable proposals and performing competently on the contract
- Exclusive delivery through qualified Procurement Technical Assistance Centers (PTAC)
- Comprehensive certification exam for each level
- Level 1 and Level 2 launched, Levels 3 and 4 to follow in the next 18 months

TRANSPARENCY INITIATIVE

- Website posts numbers/programs/actions/performance
- Unification and relocation of OSDBU
- SBA Scorecard link:
 - <http://www.sba.gov/aboutsba/sbaprograms/goals/SCORECARD2009.html>

PERFORMANCE ROUNDUP

- Best in SDVOSB
- Only agency to measure VOSB and provide performance information
- High small business procurement performance
- Earned an “A” from SBA

What is *EAGLE*?

- An integrated acquisition approach to Directorate of Logistics and other requirements
 - Acquisition strategy
 - Requirements definition – **KEY TO SUCCESS!**

CURRENT

AMC IMCOM FORSCOM	DOLs
	FLRCs
	Numerous Contracts / PWS
	Multiple POCs
	Multiple Maintenance Systems
	CTC Fleets
	TRADOC FMX

IMPERATIVES

- Seamless Support to SCs
- Integrate & Control Field Level Maintenance / Supply Capability
- Optimize Maintenance Capacity and Capabilities (Flexibility to Move Overflow / Workload to DOLs /Depots/Arsenals/OEMs)
- Standardized PWS / Processes / Metrics
- Build Augmentation Capability thru Contract Vehicle

FUTURE

AMC Core Competencies Aligned in the Materiel Enterprise	Single Source of Repair on an Installation
	Standardized Acquisition Strategy
	Single POC on an Installation
	Installation Logistics Linked to AMC

UNCLASSIFIED

INTRODUCTION

The North American Industry Classification System (NAICS) is the standard used by Federal statistical agencies in classifying business establishments for the purpose of collecting, analyzing, and publishing statistical data related to the U.S. business economy.

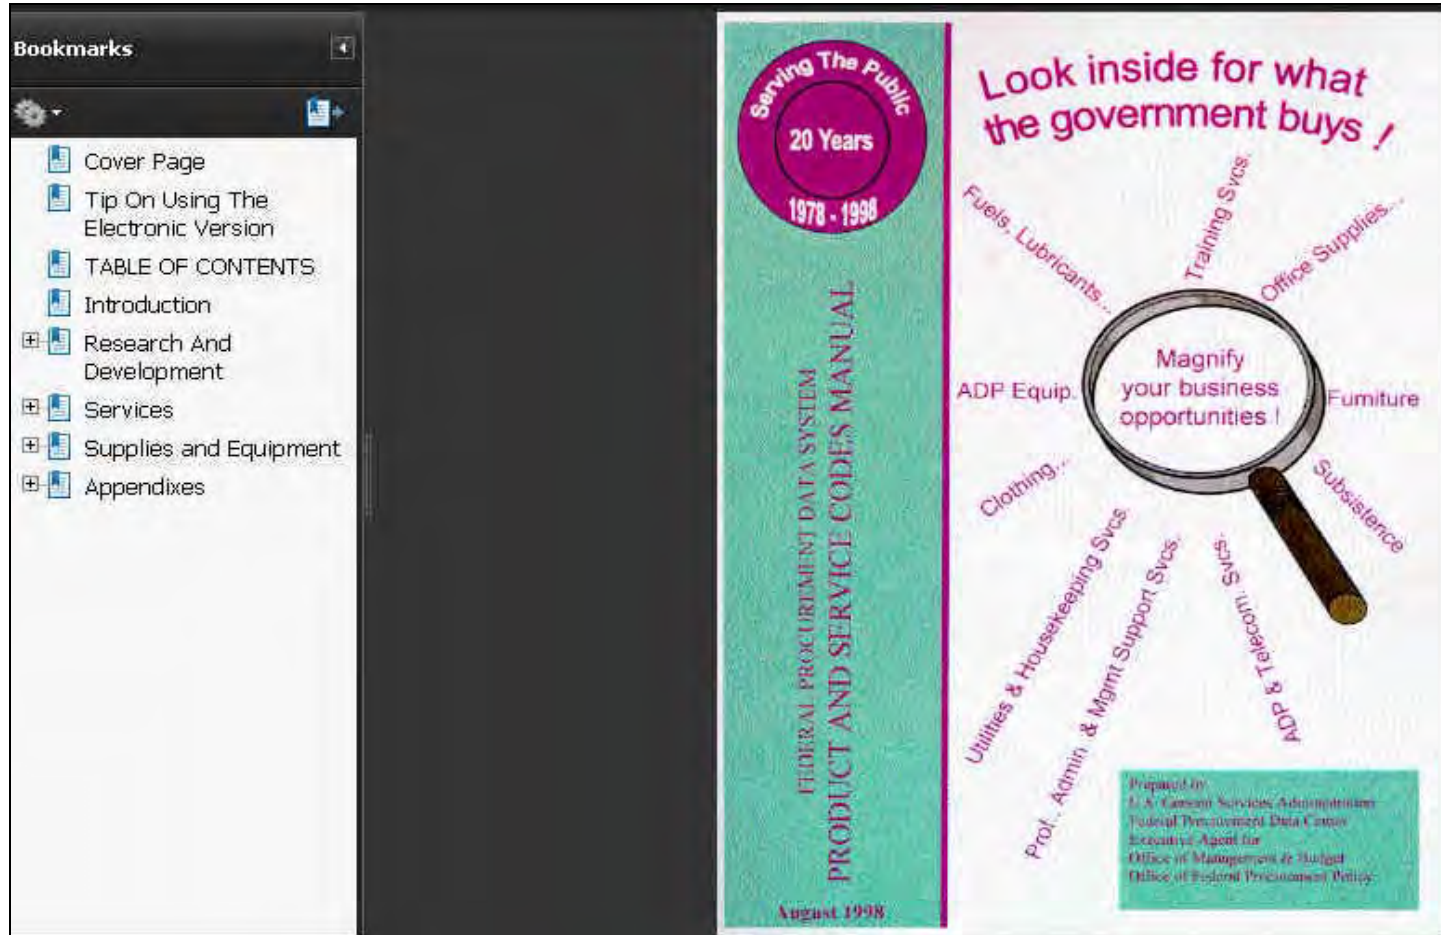

NAICS was developed under the auspices of the Office of Management and Budget (OMB), and adopted in 1997 to replace the [Standard Industrial Classification \(SIC\) system](#). It was developed jointly by the [U.S. Economic Classification Policy Committee \(ECPC\)](#), [Statistics Canada](#), and Mexico's [Instituto Nacional de Estadística y Geografía](#), to allow for a high level of comparability in business statistics among the North American countries.

This official U.S. Government Web site provides the latest information on plans for NAICS revisions, as well as access to various NAICS reference files and tools.

The official 2007 U.S. NAICS Manual, includes definitions for each industry, background information, tables showing changes between 2002 and 2007, and a comprehensive index. The official 2007 U.S. NAICS Manual is available in print and on CD-ROM from the National Technical Information Service (NTIS) at (800) 553-6847 or (703) 605-6000, or through the [NTIS](#) Web site. Previous versions of the NAICS Manual are available.

Acquisition Central

<https://www.acquisition.gov>

The screenshot displays the ACQUISITION CENTRAL website. At the top, the title "ACQUISITION CENTRAL" is prominently displayed in a large, bold, blue font. Below the title, a navigation bar contains several links: "About IAE", "Acquisition Systems", "News Room", "For Buyers", "For Sellers", "For Citizens", "Acquisition Workforce", and "AcqNet". To the right of the navigation bar is a search box with the text "Search" and a button labeled "Advanced Search".

On the left side of the page, there is a sidebar with the heading "Acquisition Systems". Below this heading, a list of systems is provided, including: "AbilityOne", "Catalog for Federal Domestic Assistance (CFDA)", "Central Contractor Registration (CCR)", "Excluded Parties List System (EPLS)", "Electronic Subcontracting Reporting System (eSRS)", "Federal Business Opportunities (FBO)", "Federal Agency Registration (FedReg)", "Federal Procurement Data System (FPDS)", "Financial Management Service (FMS)", "Treasury Offset Program (TOP)", "FATA Subaward Reporting System (FSRS)", "Online Representations and Certifications Application (ORCA)", "Fast Performance Information Retrieval System (PPIRS)", and "Small Business Administration (SBA)".

The main content area of the page features the heading "ACQUISITION CENTRAL" and a sub-heading "Emergency Contracting Information". Below this, a welcome message states: "Welcome to ACQUISITION CENTRAL, the web site for the federal acquisition community and the government's business partners. From this site you can access shared systems and tools to help you conduct business efficiently." This is followed by a paragraph explaining that the website is hosted by IAE (Integrated Acquisition Environment), the E-Gov Initiative that is streamlining the federal acquisition process. It mentions that Acquisition Central is here to help every member of the acquisition community by providing one website for all things acquisition. From here, users can learn about regulations, systems, resources, opportunities, and training.

Below the welcome message, a paragraph states: "This website was designed to create an easily navigable resource to share the efforts of IAE as it works to achieve its vision of more efficient and transparent practices through better use of information, people, processes and technology. Users are encouraged to contact us to let us know if you have found the website useful or to offer comments on how utility can be improved."

At the bottom of the main content area, there is a logo for "SAM" (System for Award Management). The logo consists of a stylized American flag graphic to the left of the letters "SAM", with the text "SYSTEM FOR AWARD MANAGEMENT" underneath.

On the right side of the page, there is a "Quicklinks" section. It contains a list of links, including: "Federal Acquisition Regulation (FAR)", "Acquisition Advisory Panel (SARA Panel)", "Acquisition Center of Excellence (ACE) for Services", "Agency Supplemental Regs", "Civilian Agency Acquisition Council (CAAC)", "Code of Federal Regulations", "Federal Register", "General Services Acquisition Manual (GSAM)", "IDA Ustad Award", "Multiple Award Schedules Advisory Panel (MASAP)", "FPDS-IIG Newsletters", "Office of Federal Procurement Policy (OFPP)", "Regulations.gov", "7 Steps to Performance Based Services Acquisition Guide", "NAICS (North American Industry Classification System)", "Product Service Code Manual", and "Federal Agency Procurement".

About FSRS

The Federal Funding Accountability and Transparency Act (FFATA) was signed on September 26, 2006. The intent is to empower every American with the ability to hold the government accountable for each spending decision. The end result is to reduce wasteful spending in the government. The FFATA legislation requires information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website, which is www.USASpending.gov.

Vendor Support Center

The Vendor Support Center (VSC) is the online source for vendors to obtain information, review and report sales, and more. The VSC website contains a wealth of information to assist both GSA Schedule and Governmentwide Acquisition Contract (GWAC) contractors in fulfilling the contract administration requirements of their respective contracts. Online information is available 24 hours a day, 7 days a week.

The VSC also contains information regarding the Multiple Award Schedule (MAS) Express Program, a specialized program designed to simplify, streamline, and ultimately accelerate the process for vendors to obtain GSA Schedule contracts.

The VSC maintains a staff ready to assist vendors in the preparation and submission of electronic catalog files to GSA Advantage!®, and in the submission and reporting of sales data. Vendors may contact the VSC staff Monday - Friday, 7:30 a.m. - 5:30 p.m. Eastern Time, on (877) 495-4849, or via email at vendor.support@gsa.gov.

WELCOME

Welcome to the Federal Office of Small and Disadvantaged Business Utilization Directors Interagency Council ("OSDBU Council") website. The OSDBU Council is an informal organization of Federal small business program officials that comes together monthly to exchange and discuss information on acquisition methods, issues and strategies; small business program initiatives and processes; and small business related outreach events that permit their respective agencies to increase their utilization of small businesses as prime and subcontractors to meet their annual requirements for services and goods.

The OSDBU Council is led by the Directors of the Federal OSDBUs who individually work closely with the U. S. Small Business Administration in the implementation of the Federal small business contracting programs.

Each year, the OSDBU Council convenes an OSDBU Directors' Procurement Conference which brings together small business owners and representatives, large corporations, and Federal small business officials from throughout the country.

Initiatives Targeted to a Variety of Challenges

Transition Initiatives

- **Fast Track**
 - Accelerate Promising Phase 1s w/bridging resources to Phase 2
- **Phase 2 – Enhancements**
 - SBIR PMO Technical Assistance Focus (Technology Maturation)
 - PMO Lead: Phacil TAAs
- **Commercialization Pilot Program (CPP)**
 - SBIR PMO Business Assistance Focus (Business Maturation)
 - PMO Lead: MILCOM Venture Partners

Phase II Enhancements

- Purpose: To accelerate the transition to a useable technology.
- Army SBIR Phase II Enhancement provides Phase II SBIR funding to firms that require additional funding during their open Phase II contract.
- How?
 - Enhancement candidates are initially identified by the project's COR.
 - The COR, in conjunction with the TAA and the organization's PC will compile the documentation needed for PM, SBIR to make a determination.
 - Generally SBIR Phase II Enhancement funding will not exceed \$500,000 per request and funding is subject to availability and a deliberate approval process.
 - Matching funds **strongly** encouraged.
- Activities funded:
 - Further R&D
 - Modifying or building prototypes; delivering multiple copies
 - Other activities that facilitate the transition of the project to Phase III

Technical Assistance Advocates (TAAs):

- Provide expert advice and analysis to Phase I companies
- Provide expert advice and analysis to government project managers regarding technology integration roadmaps
- Coordinate with government project managers, Phase II company and stakeholders to develop transition paths (Ph II Enhancements, Ph III Plans, etc.)

More information on TAAs and Transition Support may be found at the Army SBIR website.

Commercialization Pilot Program (CPP)

- Assess Phase II projects' commercial potential with program objectives; select 25 firms annually
 - Commercialization and Transition Assessment (CTA) Forms
- Assist selected CPP firms with commercialization
 - Marketing and business plan development
 - Facilitate customer collaboration
 - Integrate technology transition plans and business agreements
 - Identify 3rd party funding/investment opportunities

CPP Life Cycle

1. Identify CPP Participants (May) 400-600 Ph2 Companies Evaluated	2. Support CPP “Best of Breed” 25 Companies (October)	3. Fund CPP “Best of Breed” (April) \$15M Budget (avg. \$500K/firm)

 - 30 companies received additional year of support
 - \$45M cum. CPP Investment
 - \$357M cum. 3rd-party sales and investment
- 18 Nov 2010
 - 25 Firms Selected/Notified

Challenges and Recommendations

- **Think Transition/Commercialization Early – Before Phase I**
 - Army SBIR funding is an investment in your future
 - We want you to succeed while you help Army to succeed
- **Determine Market for the technology, Army or Commercial**
 - Tune-In To Urgent Operational Needs
 - Engage Army R&D Centers For Ongoing Focus Areas and Expanding Technology Frontiers
 - PEO/Primes -- Roadmaps/Tech Transition (T2) Initiatives
 - Crucial advocacy/buy-in needed to drive SBIR product adoption
- **Intellectual Property / Data Rights**
- **Technology/Mfg/Business Readiness Levels (TRL/MRL/BRL)**
- **Timing**
 - Contract Awards (Phase I, II, and III)
 - Integrating with PEO/Prime acquisition schedule

ARMY SMALL BUSINESS INNOVATION RESEARCH PROGRAM

OUR MISSION

The Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) programs allow small, high-tech U.S. businesses (less than 500 employees) and academia the opportunity to provide innovative research and development solutions in response to critical Army needs. By capturing the tremendous and agile talents of the U.S. small business community, the SBIR and STTR programs benefit the Department of Defense (DoD), the private sector, and our national economy. This portal provides all the information necessary to participate in these programs.

The Source Selection Trade-off Process (FAR Part 15)

- **A Process**
- **Used in Competitive Negotiated Contracting**
- **To Select the Most Advantageous Offer**
- **By Evaluating and Comparing Factors in Addition to Cost or Price**

FAR 15.101-1(c): The Trade-Off Process “Permits Trade-offs among Cost or Price and non-Cost Factors and Allows the Government to Accept other than the Lowest Priced Proposal.”

Reading Your RFP Proposal Preparation Roadmap – Basis of Award & Evaluation Criteria Relative Order of Importance

M.1 Basis of Award: The Government **plans to award a single contract** for the Fighting Trailer System subject to the provisions contained herein. **The evaluation of proposals submitted in response to this solicitation shall be conducted on a source selection basis utilizing a "tradeoff" process to obtain the best value to the Government.** The Government will weigh the evaluated proposal (other than the Price Area) against the evaluated price to the Government. As part of the tradeoff determination, the relative strengths, weaknesses and risks of each proposal shall be considered in selecting the offer that is most advantageous and represents the best overall value to the Government.

PROPOSAL EVALUATION OF PROPOSAL RISK vs. PERFORMANCE RISK

- **Proposal Risk vs. Performance Risk**
 - **Proposal Risk: Risks Associated with the Offeror's Proposed Approach in Meeting the Requirements of the Solicitation.**
 - **Performance Risk: Risks Associated with an Offeror's Likelihood of Success in Performing the Solicitation's Requirements as Indicated by that Offeror's Record of Current or Past Performance**

a Federal Vehicle Trailer
Certification at the Point of the
Contract Award

Proposal Risk - Those Risks Associated
with the Offeror's Proposed Approach
in Meeting the Requirements of the
Solicitation- See RFP Section M

What is a Performance Risk

Evaluation of Past Performance

Performance Risk – Importance of Relevance/Recency

- Past Performance Assesses Performance Risk Considering both:
 - Prior Contract Performance
 - Relevance/Recency of Prior Contract Performance

Example 1

	Prior Contract Performance			Relevance/Recency of Prior Contract Performance			Performance Risk Rating
	<u>Contract 1</u>	<u>Contract 2</u>	<u>Contract 3</u>	<u>Contract 1</u>	<u>Contract 2</u>	<u>Contract 3</u>	
<u>Offeror</u> A	Excellent	Excellent	Excellent	Highly	Highly	Limited	Excellent/ Very Low Risk
B	Excellent	Excellent	Excellent	Limited	Limited	Limited	Adequate/ Moderate Risk

Reading Your RFP – When are FAR 15.306(d) Discussions Planned?

- **Does the RFP Contemplate Discussions?**
 - **FAR 52.215-1: The Government intends to Award without Discussions.**
 - **However, The Government Reserves the Right to Conduct Discussions if Necessary.**
 - **Offerors are Encouraged to Submit Proposals on Best Terms in that Discussions may not be Conducted**
 - **FAR 52.215-1(Alternate 1): The Government intends to Award a Contract after Conducting Discussions.**
 - **Offerors Still Encouraged to Submit Proposal on Best Terms in that the Competitive Range Determination will be based on the Initial Proposal Submission.**
 - **FAR & Case Law Require Conduct of Meaningful Discussions (Deficiencies, Significant Weaknesses, Adverse Past Performance)**

The Best Value Trade-off Decision

-  **Is a Reasonable Business Judgment of the SSA;**
-  **Based on a Comparative Analysis of the Proposals;**
-  **Must be Consistent with the Stated Evaluation Criteria;**
-  **Must Reflect Why Perceived Non-Cost/Price Discriminators among Offerors (e.g. Better Design, Better Past Performance, Strengths/Weaknesses) are:**
 - **Worth any Necessary Price Premium, or**
 - **Not Worth Price Premium**

Reading Your RFP – Cost vs. Non-Cost Criteria Relationship

Cost/Price more important than non-Cost Factors...

**Proposal Formation Roadmap Message to Offeror:
Relatively Significant Advantages Required to Pay Higher Price.**

Reading Your RFP – Cost vs. Non-Cost Criteria Relationship

Non-Cost Factors more important than Cost/Price...

**Proposal Formation Roadmap Message to Offeror:
Willing to Pay Price Premium for Relatively Smaller Improvements .**

Understanding the Selection Process – The Best Value Trade-off Decision

The Determinative Element is not the Differences in Ratings, but the Rational Judgement of the Source Selection Authority Concerning the Significance of those Differences.

The Analysis, Ratings and Comparisons should be used as an Aid to the Source Selection Authority's Judgement - not as a Substitute for that Judgement.

Source Selection Trade-Off Example

Scenario: Past Performance is Slightly More Important than Price.

	<u>Total Evaluated Price</u>	<u>Past Performance Rating</u>	<u>Historical Contract Relevance/Recency</u>
Offeror A	\$1,000,000	Adequate/ Moderate Risk	High
Offeror B	\$1,200,000	Excellent/Very Low Risk	High
<p>Item: Turret Drive Controller – Vehicle Deadline Item GFM Status: GFM To M1A2 Production Line Safety Item: Yes - Controls Turret Spin Stock Status: 210 Day Supply (210 Day Delivery Schedule) Complexity: Moderate Offeror “A” Delivery History: 30% of Recent Deliveries are 30-60 Days Late Offeror “A” Quality History: Products Meet Requirements</p>			

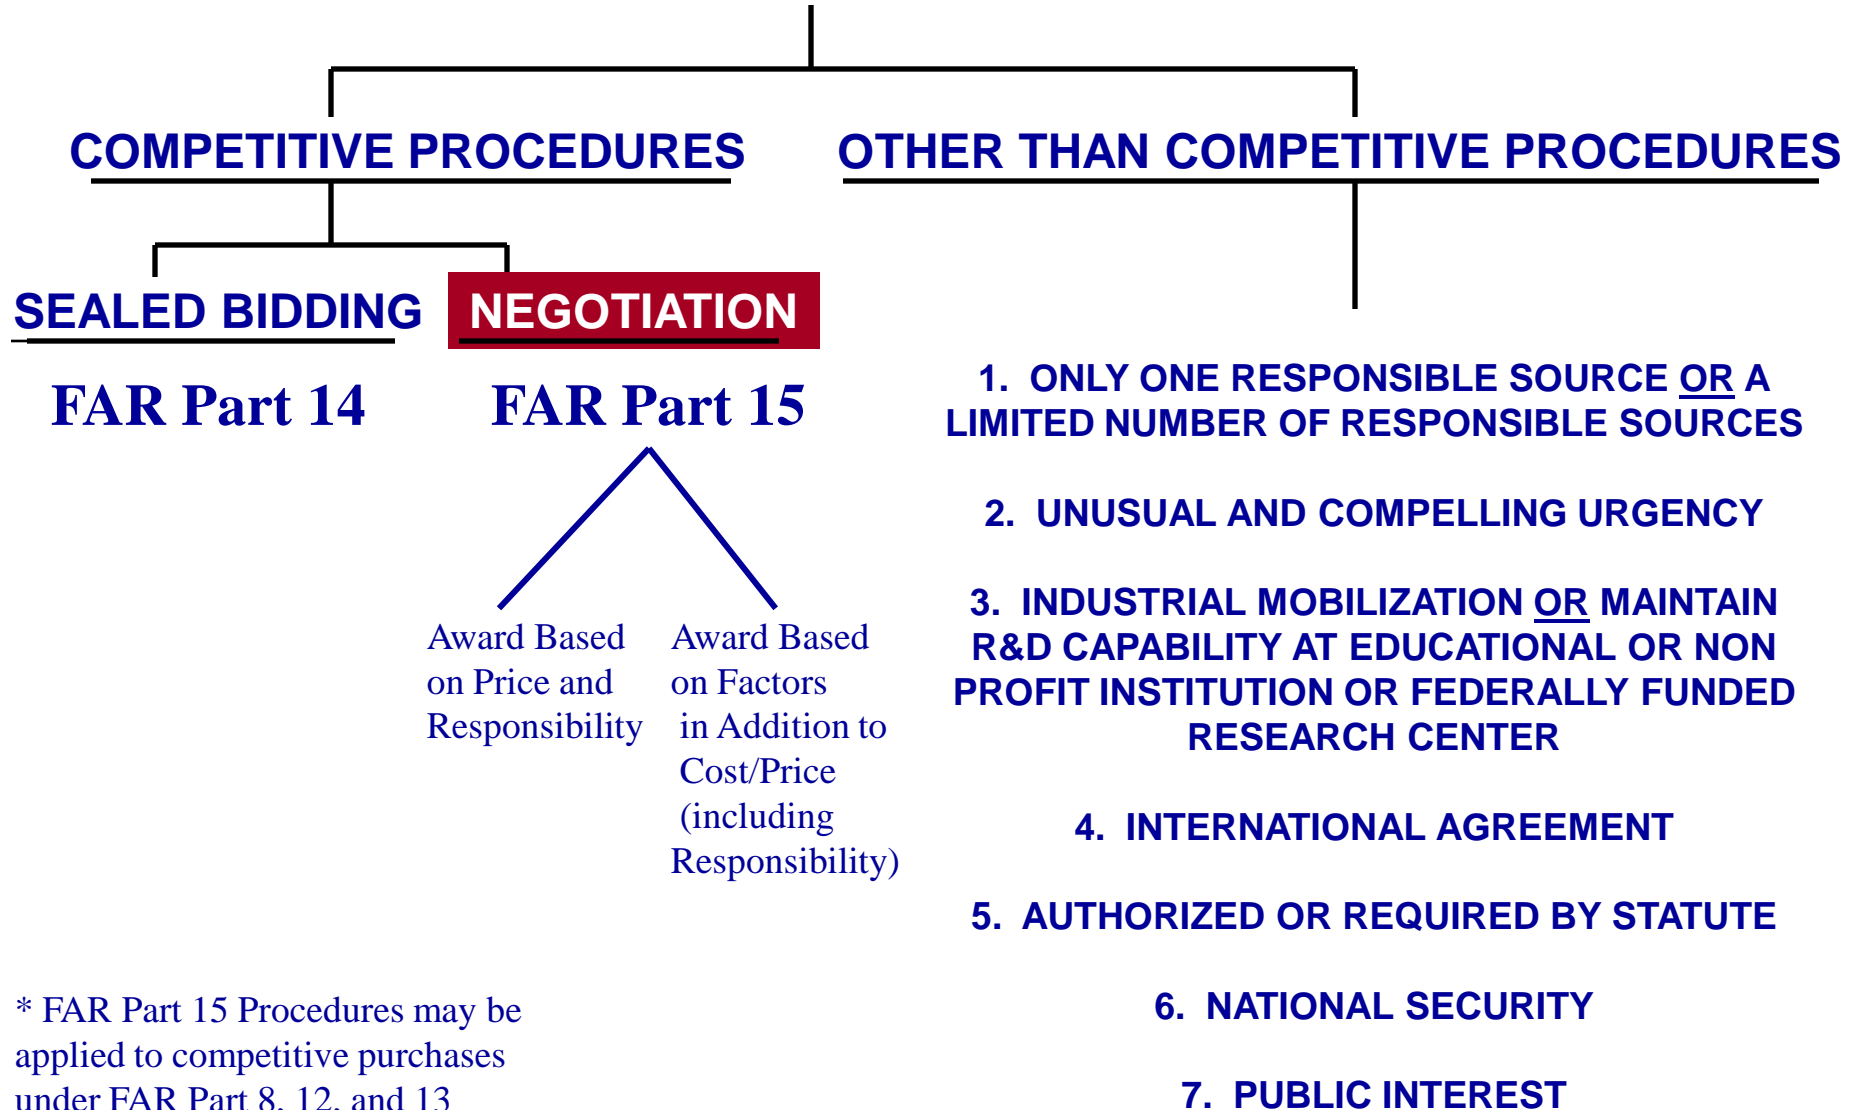

Tips and Top Source Selection Messages for Offerors

- ↑ **Read the RFP Thoroughly. In Particular:**
 - **The Requirements: Statement of Work (Section C) and Delivery Schedule**
 - **Proposal Preparation Instructions (Section L)**
 - **Basis for Evaluation and Award (Section M)**
 - **Executive Summary**
- ↑ **Crosswalk RFP Sections C, L & M To Determine Precisely What Information to Include in Your Proposal**
- ↑ **Understand the RFP Section M Relative Order of Importance Statement - It is the Road Map for Preparing Your Most Competitive Proposal**
- ↑ **The Government Will Evaluate Precisely What was Announced in the RFP**
- ↑ **Your Proposal will be Evaluated in Great Part based on Risk: This Necessitates Submission of Proposal Data Substantiating the Probability of Successful Performance - Promises or Unsupported Assertions will be Evaluated as Higher Risk**
- ↑ **Consider whether Pursuing Objective/Desired Requirements will make your Proposal more Advantageous, given the Evaluation Criteria?**
- ↑ **If Your Offer is not Selected for Award, it Typically doesn't mean you had a Poor Proposal, it means that another Proposal was Comparatively more Advantageous and a Better Value – Receiving a Debriefing may Help Improve Future Proposal Submissions**

Adjectival Rating Definitions

Evaluators will apply the Adjectival Rating which best fits their proposal assessment

Adjectival Rating	EVALUATION CRITERIA					
	Proposed Approach and Achievement of Requirements and Objectives	Feasibility & Practicality of Solutions	Proposal Clarity, Precision & Support	Understanding of Requirements & Objectives	Strengths and Weaknesses	Risk Level
Excellent	Exceptional Approach and Superior Achievement of Requirements and Objectives	Unquestionably Feasible & Practical	Exceptionally Clear/Precise & Fully Supported	Clear Understanding	Strengths far Outweigh Weaknesses	Very Low
Good	Sound Approach Fully Expected to Achieve Requirements & Objectives	Feasible & Practical	Clear/Precise & Supported	Understanding	Strengths far Outweigh Weaknesses	Low
Adequate	Generally Sound Approach Capable of Achieving Requirements & Objectives	Generally Feasible & Practical	Somewhat Clear/Precise & Partially Supported	General Understanding	Strengths and Weaknesses are Offsetting	Moderate
Marginal	Approach may not be Sound and may not be Capable of Achieving Requirements & Objectives	May Not Be Feasible or Practical	Lacks Clarity/Precision & Generally Unsupported	Not a Complete Understanding	Weaknesses Outweigh Strengths	High
Poor	Approach likely not Capable of Achieving Requirements and Objectives	Not Feasible or Practical	Lacks any Clarity/Precision & is Unsupported	Does Not Demonstrate an Understanding	Weaknesses far Outweigh Strengths	Very High

Typical Performance Risk Adjectival Rating Definitions

Evaluators will apply the rating for the definition that most closely matches the evaluation

EXCELLENT: Essentially no doubt exists that the offeror will successfully perform the required effort based on their performance record.

Risk Level: Very Low

GOOD: Little doubt exists that the offeror will successfully perform the required effort based on their performance record. *Risk Level: Low*

ADEQUATE: Some doubt exists that the offeror will successfully perform the required effort based on their performance record. *Risk Level: Moderate*

MARGINAL: Significant doubt exists that the offeror will successfully perform the required effort based on their performance record. *Risk Level: High*

POOR: It is extremely doubtful that the offeror will successfully perform the required effort based on their performance record. *Risk Level: Very High*

UNKNOWN: The offeror has little/no relevant past performance upon which to base a meaningful performance risk prediction. *Risk Level: Unknown*

Conducting Discussions

- **When Discussions are Conducted, FAR and Case Law Require Conduct of Meaningful Discussions**
 - **Deficiencies; Significant Weaknesses; Adverse Past Performance**
- **The Primary Objective of Discussions is to Maximize the Government's Ability to Obtain Best Value, Based upon the Requirements and the Evaluation Factors set forth in the Solicitation (FAR 15.306(d)(2))**
- **Not Searching for Perfect Information**
- **The Offeror Must have Sufficient Information to Understand the Government's Concern.**
- **Oral Discussions Greatly Enhance Communication, Improve Quality, Save Time and Reduce the Risk of Protest.**
