Soldier Survey Division, Soldier Support Center-National Capital Region has responsibility for planning, administering and analyzing attitude and opinion for the DA staff. The division also maintains the Army Depository of these survey reports and furnishes copies on request. These functions are carried out in accordance with AR600-46, Attitude and Opinion Survey Program.

This bibliography provides an alphabetical listing of survey reports from February 1975 through August 1981. Reports may be obtained by submitting requests (including the report number and title) to:

Soldier Support Center-NCR
ATTN: ATZI-NCR-MA
200 Stovall Street
Alexandria, VA 22332

SSC-NCR is continually striving to centralize Army survey data. To further this goal, all Army commands and agencies which have conducted surveys are required to send the name of the survey(s) to SSC-NCR. This will assist the effort to eliminate duplicative data collection.
