Department of Defense

PRIME CONTRACT AWARDS BY STATE

Fiscal Year 1981

Issued Semiannually By

Department of Defense
Washington Headquarters Services
Directorate for Information
Operations and Reports

December 1981

FOREWORD

Prime Contract Awards by State is published semiannually by the Office of the Secretary of Defense, Washington Headquarters Services, Directorate for Information Operations and Reports (WHS/DIOR).

This report provides information on Department of Defense procurement actions which is broken down into three categories:

- 1) Total U.S. Actions;
- 2) Actions Not Distributed by State; and
- 3) Total State Actions, which is further broken down into separate totals for each individual state.

Requests for additional information should be addressed to the Director, Washington Headquarters Services, Room 3E843, The Pentagon, Washington, D.C. 20301.

TABLE OF CONTENTS

Introduction	1
Tables:	
Table 1. Net Value and Percent Distribution of Department of Defense (DOD) Procurement Actions, by State: FY 1980 and FY 1981 and Fourth Quarters, FY 1980 and FY 1981	3
Table 2. Net Value and Percent Distribution of DOD Military Procurement Actions, by State: FY 1980 and FY 1981 and Fourth Quarters, FY 1980 and FY 1981	4
Table 3. Net Value and Percent Distribution of DOD Military Procurement Actions, by State, According to Department: FY 1981	5
Table 4. Net Value and Percent Distribution of DOD Military Procurement Actions, by State: FY 1979, FY 1980, and FY 1981	6
Table 5. Net Value of DOD Civil Functions Procurement Actions, by State: FY 1978, FY 1979, FY 1980, and FY 1981	7

INTRODUCTION

Prime Contract Awards by State provides a wide variety of information on all Department of Defense (DOD) procurement actions. Both military and civil functions (e.g., Army Corps of Engineers — Civil Works) procurements are represented. The data are presented by state and include the net value of procurements awarded to each state as well as each state's percentage of the total for all state procurements (except for Table 5).

The total net value of procurement actions for Fiscal Year (FY) 1980 and FY 1981 for all of DOD and for its military components only are shown in Tables 1 and 2, respectively. These tables also provide, for comparison purposes, data for the fourth quarter of FY 1980 and FY 1981. The total net value of military procurement actions for FY 1981 presented in Table 2 are displayed by military department in Table 3. Table 4 displays the total net value of military procurement actions for FY 1979 through FY 1981. Data on the total net value of civil functions procurement actions for FY 1978 through FY 1981 are provided in Table 5.

NOTES ON COVERAGE

The data provided in this report reflect the following limitations and conditions:

Types of Contracts

This report provides data on prime contracts only and cannot be used to reflect the substantial amount of material and component fabrication and subcontract work that may be done outside the state where final assembly or delivery take place.

Prime Contract Awards by State also includes data on definitive contracts, funded portions of letter contracts and letters of intent, job orders, and purchase orders to industrial firms. Interdepartmental purchases made from or through other governmental agencies, such as those purchases made through the General Services Administration, are also included. The state data include upward and downward revisions and adjustments over \$10,000, such as cancellations, price changes, supplemental agreements, amendments, and other changes.

Except for the data pertaining to petroleum products, this report does not include data on indefinite delivery, open-end, or call-type contracts. However, specific purchases or delivery orders over \$10,000 placed against these contracts are included. Project orders, such as production orders to government owned-and-operated facilities like Navy yards, are also excluded, but contracts placed with industry by government-operated facilities to complete production orders are included.

Location of Contracts

This publication does not provide the user with a direct indication of where contract work is performed. For the majority of manufacturing contracts, data reflect the plant location where the product will be processed and assembled. In many instances, a prime contractor will have work done at more than one plant; in these cases, the value of the contract has been attributed to the state where the plant is located that will produce the largest dollar amount of work. Construction contracts have been attributed to the state where construction is to be performed. For purchases from wholesale or other distribution firms, the location is the contractor's business address. The location for service contracts is generally the state where the service will be performed. In the case of transportation and communications services contracts, the home address is normally used.

Totals

The United States total in the tables includes all contracts awarded for work performed in the United States. The United States as used here includes the 50 states, the District of Columbia, U.S. possessions, the Canal Zone, the Commonwealth of Puerto Rico, the Trust Territories of the Pacific, and other areas subject to complete U.S. sovereignty.

The subtotal "Not Distributed by State" includes all contract actions of \$10,000 or less for performance in the United States. This subtotal also includes all contract actions, regardless of size, for performance in the U.S. possessions, the Commonwealth of Puerto Rico, the Trust Territories of the Pacific, and other areas subject to complete U.S. sovereignty, and all contract actions for performance in classified locations.

State subtotals include the net value of procurement actions over \$10,000 awarded to each state and the District of Columbia.
