FOREWORD

Prime Contract Awards in Labor Surplus Areas was published annually for fiscal years 1989 and 1990 due to statistical anomalies in the first half of fiscal 1989. Semiannual publication of this report resumed in first half fiscal year 1991. This report provides detailed information on Department of Defense (DoD) prime contract awards over \$25,000 for performance in labor surplus areas. Supporting data are presented by state, county, and city, according to the purchasing department making the awards.

INTRODUCTION

Prime Contract Awards in Labor Surplus Areas: First Half Fiscal Year 1991 presents detailed information on Department of Defense (DoD) prime contract awards over \$25,000 awarded to contractors located in a labor surplus area (LSA). Except for Table 2, data include information on contracts awarded to U.S. business firms and educational and nonprofit organizations. The report excludes awards to Government agencies, awards for work outside of the United States, and awards in support of the DoD Foreign Military Sales program. (Table 2 contains data on awards to U.S. business firms only.)

The previous first half figures appearing in this publication differ from the originally published figures. This is due to changes received during the second half of the fiscal year for records originally submitted in the first half and represents the most accurate data available for the previous first half.

The U.S. Department of Labor (DOL) has responsibility for defining LSA's and for establishing eligibility criteria. (Criteria for consideration as an LSA and a list of eligible areas are contained in DOL's publication *Area Trends in Employment and Unemployment*.)

CHANGES IN LSA CRITERIA

Before January 1, 1978, any area with an unemployment rate of 6 percent or more was considered an LSA. Since that time the criteria have changed; while an area must still have an unemployment rate of 6 percent, now the rate must also be at least 1.2 times the national rate. Further, any area with an unemployment rate of 10 percent or more will automatically qualify as an LSA regardless of how its rate compares with the national rate. Also effective as of January 1, 1978, DOL modified its method of classifying LSA's for reporting purposes. The terms "Areas of Substantial or Persistent Unemployment," "Sections of Concentrated Unemployment or Underemployment," and "Major and Smaller Areas" were eliminated.

Beginning in fiscal year 1988, civil jurisdictions are defined as all cities with a population of at least 25,000 and all counties. Townships of 25,000 or more population are also considered as civil jurisdictions in four states. (See the above DOL publication for a detail description of jurisdictions.)

OVERVIEW

Table 1 provides data on DoD prime contract awards in LSA's for FY 1988, FY 1989, FY 1990, and First Half FY 1991, both in terms of their net value and as a percent of total DoD procurement. Table 1 also shows the net value of all preference awards (those contracts awarded as either partial LSA set-asides, tie-bids, or combined small business/LSA set-asides) as well as the percent of total procurement and the percent of total LSA awards these preference awards represent. A third component of Table 1 shows the total number of civil jurisdictions within the United States and the number of designated LSA's within these jurisdictions.

Table 2 presents data on all LSA awards to U.S. business firms, by size of firm, according to the type of preference award used, where applicable. The first detail table, Table 3, shows the net value of all DoD prime contract awards in LSA's. Table 4 provides data on the net value of all preference awards which were partial LSA set-asides. The net value of all preference awards which were combined small business/LSA set-asides is shown in Table 5. Table 6 provides data on the net value of all preference awards which were tie-bid awards.

The data in Tables 3, 4, 5, and 6 are presented by state, county, and city, according to the awarding agency which can be either a military department, the Defense Logistics Agency (DLA), or the Army Corps of Engineers for Civil Functions (OCE). Awards by other defense agencies are included as part of the Army total.

HIGHLIGHTS

During First Half FY 1991, DoD prime contract awards over \$25,000 for performance in LSA's total \$13.215 million or 24.8 percent of all DoD awards, compared with \$28,792 million or 24.9 percent during FY 1990. As shown below and in Table 1, LSA preference awards totaled \$6.5 million during First Half FY 1991, which was 0.05 percent of the total of all LSA awards. This represents no significant change over the comparable FY 1990 figures.

The amount of partial LSA set-aside awards, as a percentage of all LSA preference awards, decreased by 226.4 percent from FY 1990 to First Half FY 1991. The value of combined small business/LSA preference awards increased to 61.9 percent. The amount of tie-bid preference awards as a percentage of all LSA preference awards decreased by 25.1 percent.
