SUBJECT DoD Automated Data Systems Documentation Standards

- References:
- (a) DoD Instruction 4120.17, above subject, December 29, 1972 (hereby canceled)
 - (b) DoD Directive 5100.40, "Responsibility for Administration of the DoD Automatic Data Processing Program," August 19, 1975
 - (c) DoD Directive 4105.55, "Selection and Acquisition of Automatic Data Processing Resources," May 19, 1972

 - (e) DoD Manual 4120.17M, "Automated Data System Documentation Standards Manual," December 29, 1972 (hereby canceled)

A. REISSUANCE AND PURPOSE

This Instruction reissues reference (a) to implement provisions of DoD Directive 5100.40 (reference (b)), supplement DoD Directive 4105.55 (reference (c)), and authorize the publication of the DoD Automated Data Systems (ADS) Documentation Standards (DoD Standard 7935.1-S). References (a) and (e) are hereby superseded and canceled.

B. APPLICABILITY AND SCOPE

1. The provisions of this Instruction apply to the Office of the Secretary of Defense, the Military Departments, the Organization of the Joint Chiefs of Staff, the Defense Agencies, and the Unified and Specified Commands, referred to hereafter as "DoD Components."

2. Its provisions cover the documentation of all DoD ADS administered under the authority of references (b) and (c), throughout their life cycles, whether owned and operated by DoD or by contractors for DoD. The standards set forth in DoD 7935.1-S will govern to the exclusion of any other issuances, e.g., Federal Information Processing Standards Publication 38, and DoD Component issuances.

C. DEFINITIONS

Terms used in this Instruction are defined in enclosure 1 of DoD Directive 5100.40 (reference (b)) and enclosure 1 to DoD Directive 4105.55 (reference (c)).

D. POLICY

1. DoD Standard 7935.1-S will be used as the basis for documentation of all ADS projects, DoD-wide, that are initiated after the effective date of the Standard. The Standard is designed to facilitate continuing improvement and timely responsiveness to evolving technology. Amendments will be published to accomplish this.

a. Redocumentation of an existing ADS to meet the requirements of DoD Standard 7935.1-S is required when major system changes to the ADS are accomplished and the cost of such redocumentation (1) is a small percentage of the cost of the system change and (2) can reasonably be expected to be recovered during the life cycle of the system, using the Standard.

b. DoD Components may issue only such administrative instructions as are necessary to implement the provisions of this Instruction and distribute the Standard.

2. Approved waivers to the provisions of the Standard will be considered as interim measures and will ultimately be brought into compliance with the Standard.

E. RESPONSIBILITIES

1. The Deputy Assistant Secretary of Defense (Management Systems) shall arrange for publication of the Standard and any approved amendments and shall act as approval authority for request for waivers from provisions of the Standard.

2. The Senior ADP Policy Official of a DoD Component, designated in accordance with DoD Directive 5100.40 (reference (b)), shall ensure the implementation of this Instruction and the Standard within his Component, process requests for waivers from its use, and recommend appropriate revisions to the Standard.

3. The Director for Data Automation, Headquarters, USAF, designated the DoD Assignee Activity for Information Processing Standards for Computers in accordance with DoD Manual 4120.3-M (reference (d)), shall review and coordinate all recommendations for changes to DoD Standard 7935.1-S prior to final approval by the Deputy Assistant Secretary of Defense (Management Systems).

F. WAIVERS

1. When application of DoD Standard 7935.1-S will result in unacceptable degradation of performance or substantial increase in costs, a waiver of the provisions of the Standard may be requested on an individual ADS or project basis.

2. Request for waiver shall be forwarded by the DoD Component Senior ADP Policy Official to the DoD Assignee Activity shown in paragraph E.3. for assessment and recommendation to the Deputy Assistant Secretary of Defense (Management Systems).

3. The justification for such waiver shall be based on a life cycle cost and demonstrate an unfavorable cost-benefit impact. Recommendation for revision to the Standard shall also be proffered to obviate the need for similar future waivers.

F. EFFECTIVE DATE AND IMPLEMENTATION

The provisions of this Instruction are effective immediately. Forward three copies of implementing documents to the Assistant Secretary of Defense (Comptroller) within 90 days.
