DISTRIBUTION STATEMENT A: Approved for public release; distribution is unlimited.

Nonfederal government personnel wanting a copy of this document must write to Superintendent of Documents, Government Printing Office, Washington, DC 20402 or ASO/NPFD, Attention Cash Sales (Code 1013), 5801 Tabor Avenue, Philadelphia, PA 19120-5099.

FOREWORD

Supplement 93-2 to the *Catalog of Nonresident Training Courses, 1993 Edition* NAVEDTRA 12061 contains the latest changes to nonresident training products, and articles of information about the Navy's Nonresident Training System and Advancement System.

Supplement 93-2 COMPLETELY REPLACES Supplement 93-1. Supplement 93-1 may be destroyed. Users should keep this supplement with the main catalog (3-ring binder, screw-posts, etc.). Physical changes to the main catalog are NOT necessary. Treat the supplement as an extension of the main catalog, and always include it in your catalog research.

The Naval Education and Training Program Management Support Activity (NETPMSA) will publish supplements to the *Catalog of Nonresident Training Courses* as needed to identify new nonresident training products. Each new supplement, identified with a one-up number, will incorporate the previous supplement.

If you have suggestions to improve these supplements, call DSN 922-1328 or Commercial (904) 452-1328.

NAVEDTRA 12061 CHANGES

The following pages contain changes to NAVEDTRA 12061. Each change is preceded by a page number and a description of the change. The PAGE number correlates to the same PAGE in the current issue of the main catalog (NAVEDTRA 12061). For example, a supplement entry for PAGE 1-21 will affect a main catalog entry on PAGE 1-21.

It's not necessary to make changes to the main catalog. Keep this supplement with the main catalog (3-ring binder, screw-posts, etc.). Check the supplement for additions/changes before you order, or make a decision, about a particular item.

Each new supplement will incorporate the previous supplement (Supplement 93-2 includes Supplement 93-1 and any new changes.) When you receive Supplement 93-2, destroy Supplement 93-1. When a new edition of the main catalog (1994 Edition) is printed, it will incorporate all previous supplements.

Navy School Management Manual

SP REVISED: 1992
NAVEDTRA NUMBER: 135
NSN: 0502-LP-220-7200

This manual provides the processes, procedures, and documentation required for the management of NAVEDTRACOM schools. It is intended to provide a single primary source of procedural guidance for implementing policy established by OPNAV and CNET instructions currently in effect. Following a description of organizational structure and responsibilities of the NAVEDTRACOM chain of command, this manual discusses in detail four functions typically performed in the training environment. These are:

- Staff Management
- Student Management
- Curriculum Management
- Evaluation Management

The manual concludes with a discussion of *Support Functions* available to the Navy Education and Training Command, for example, NITRAS, contract management, and automated data processing.

The Role of the Navywide Advancement Examination

Sharon K. Benton, Naval Education and Training Program Management Support Activity (NETPMSA)

"Advancements in rate...are based on demonstrated proficiency in assigned duties, on the performance evaluation and recommendation of the commanding officer, and on written examinations." (BUPERSINST 1430.16D)

Purpose. The Navy's enlisted advancement system enjoys a reputation for fairness and objectivity. A key factor in attaining these attributes is the advancement examination. When a commanding officer recommends someone for advancement, he or she is certifying the individual is qualified to perform at the next higher paygrade. Often there are more qualified people for advancement than there are positions to fill. The purpose of the examination is to rank-order the qualified candidates. If 100 qualified candidates take an examination and the Navy can only advance 25, the Navy wants to ensure that the top 25 are the ones advanced. The actual rank order is determined by the final multiple. At the E-4,5,& 6 levels, the examination is roughly one-third of the final multiple. At the E-7 level, it is just under two-thirds.

Development. The Navywide advancement examination is prepared and scored by the Naval Education and Training Program Management Support Activity (NETPMSA) in Pensacola, Florida. Examinations for each rating are prepared by an E-7, 8, or 9 subject matter expert. The writer prepares the examination from the perspective of his or her job experience. However, the subject of each examination question must be referenced to an occupational standard (OCCSTD) issued by the Bureau of Naval Personnel. Questions require more than rote memory; the candidate has to apply his or her knowledge of the duties that make up the rating.

The advancement examinations are developed approximately a year in advance. Some questions may be obsolete by the time an examination is given. These questions are deleted and do not count against any candidate. However, candidates should not try to determine what questions may be obsolete but should answer all questions to the best of their ability.

Studying for the Examination. The best preparation is good job performance and thorough knowledge of the rating. The candidate should obtain a copy of the current Advancement Handbook for Petty Officers for his or her rating and study the publications listed in the bibliography. Extra study time should be applied to areas of the rating in which the candidate has little or no experience.

NOTES TO ESOs

1. RETIREMENT POINTS AWARDED TO INACTIVE READY RESERVE

Each nonresident training course (NRTC) listed in the Catalog of Nonresident Training Courses (NAVEDTRA 12061) has an entry (ASSIGNMENTS: POINTS:) that shows the number of assignments/retirement points for **inactive ready reserve** personnel. Credit toward retirement points is based on the point evaluation listed in the front matter of the NRTC assignment booklet.

2. ADVANCEMENT HANDBOOKS FOR PETTY OFFICERS AND APPRENTICESHIPS

Issue advancement handbooks as soon as they are received. The "effective" date that appears on the front cover is the first exam year for which that particular handbook is effective -- NOT the date the handbook should be issued. A sailor planning to participate in an advancement exam in 1995 should be issued the advancement handbook effective for that year (1995) as soon as they are received in 1994 -- around June or July.

In some cases, advancement handbooks may be effective for more than one year. The front cover of these handbooks will have a notice, such as "1995 EDITION --- EFFECTIVE UNTIL SUPERSEDED", identifying them as multi-year handbooks.

3. HOW TO ORDER ANSWER KEYS

Order answer keys from NETPMSA, by NAVEDTRA number. Submit orders by means of official letter signed by the commanding officer or "By direction."

4. HOW TO USE SUPPLEMENTS TO NAVEDTRA 12061

Supplements should be attached (3-ring binder, screw-posts, etc.) to the main NAVEDTRA 12061 catalog. It's not necessary to cut and paste changes or make pen and ink changes to the main catalog. Before ordering an item, simply check the supplement to see if a change is has been made to that item.

Each new supplement will incorporate the previous supplement. (Supplement 93-2 includes all the items in Supplement 93-1, plus new changes. Supplement 93-1 may be destroyed.) The 1994 edition of NAVEDTRA 12061 will incorporate all 1993 supplements.

5. MANDATORY TRAMANS/NRTCS

The 1994 Edition of the Catalog of Nonresident Training Courses, NAVEDTRA 12061, will include a table of mandatory TRAMANS/NRTCS (see sample table below). This table will list the most current editions of TRAMANS/NRTCS that must be completed to become eligible for advancement, and will be updated throughout the year with supplements to the catalog. This table will eliminate the need for the Bibliography for Advancement Study, NAVEDTRA 12052. Advancement Handbooks will continue to list bibliographies for advancement study.

SAMPLE NAVEDTRA 12061 Table of Mandatory (*) TRAMANS/NRTCS

6. ADVANCEMENT HANDBOOKS FOR PETTY OFFICERS

The 1995 Advancement Handbooks for Petty Officers will contain a table of mandatory TRAMANs/NRTC's (see sample table below). This table will list ONLY the TITLES of mandatory TRAMANs/NRTC's, and will refer personnel to NAVEDTRA 12061 for the most current titles and NAVEDTRA numbers. Making NAVEDTRA 12061 the **single** source for the most current NAVEDTRA number and title will eliminate any confusion concerning the correct NAVEDTRA number or title of a given TRAMAN/NRTC.

SAMPLE Advancement Handbook Table of Mandatory (*) TRAMANs/NRTC's

#	RATE	TRAMAN/NRTC TITLE	NAVEDTRA NUMBER	ORDERING INFORMATION
1	ABE3	ABE 3&2	SEE NAVEDTRA 12061 FOR UP-TO-DATE TITLES AND NAVEDTRA NUMBERS	SEE NAVEDTRA 12061
	ABE2			
2	ABE1	ABE 1&C
