FOREWORD

In an effort to make *Prime Contract Awards by State* a more comprehensive tool for data comparisons, the following major layout modifications have been incorporated in this edition:

Tables 1 and 2 -- The "Three Month Period" columns in these two tables have been eliminated, while two additional prior year data displays have been added to provide four full years of data in each Table.

Table 3 -- Displaying Department of Defense (DoD) Military Awards by Component for the current fiscal year (FY). Table 3 is unchanged.

Table 4 -- A three year report on military procurement awards. Table 4 became redundant with the revision in Table 2. Table 4 is being reserved for future use.

Table 5 -- Enhanced to display an additional prior year of civil function procurement award information.

Table 6 -- A new table displaying county data within each state by DoD Component (including Civil Function) for the current fiscal year.

This publication provides information on DoD procurement awards. The data are broken down into three categories:

1. Total U.S. Awards;
2. Awards Not Distributed by State; and
3. Total State Awards, which is further divided into separate totals for each state.

Beginning in FY 1994, *Prime Contract Awards by State* will be produced annually instead of semiannually.

TABLE OF CONTENTS

Introduction. 1

Tables:

Table 1. Net Value and Percent Distribution of DoD Procurement Awards, by State: FYs 1993, 1992, 1991, and 1990 3

Table 2. Net Value and Percent Distribution of DoD Military Procurement Awards, by State: FYs 1993, 1992, 1991, and 1990 4

Table 3. Net Value and Percent Distribution of DoD Military Procurement Awards, by State, According to Defense Component: FY 1993 5

Table 4. Reserved

Table 5. Net Value and Percent Distribution of DoD Civil Function Procurement Awards, by State: FYs 1993, 1992, 1991, and 1990 6

Table 6. Net Value of DoD Procurement Awards, by State and County, According to Defense Component: FY 1993 7

INTRODUCTION

Prime Contract Awards by State provides a wide variety of information on all Department of Defense (DoD) procurement awards. Both military and civil function (i. e., U. S. Army Corps of Engineers -- Civil Works) procurements are represented. The data are presented by state and include the net value of procurements awarded to each state as well as each state's percentage of the total for all state procurements.

The total net value of procurement awards for FY 1993, FY 1992, FY 1991, and FY 1990 are shown for all of DoD in Table 1 and for its Military Components only in Table 2. The total net value of military procurement awards for FY 1993 (presented in Table 2) are displayed according to Defense Component in Table 3. Table 4 is reserved for future use. Data on the total net value of civil function procurement awards for FY 1993, FY 1992, FY 1991, and FY 1990 are provided in Table 5. Beginning this year a new table, Table 6, has been added. Table 6 displays county data within each state by DoD Component (including Civil Function) for the current FY.

NOTES ON COVERAGE

Data in this report reflect the net value of debit and credit procurement actions over \$25,000, (i.e., terminations, price changes, or other downward adjustments are deducted from a contractor's total award amount, while modifications and other positive adjustments are treated as increases). If the debit amount exceeds the credit amount, a negative sign is placed to the right of the net amount displayed. Procurement awards include definitive contracts; the obligated portions of letter contracts; and job orders, task orders, delivery orders, or any other orders against existing contracts. Contracts for research and development, services, construction, and supplies and equipment are also included. Contracts awarded by DoD to other U.S. Government Agencies as intragovernmental orders and foreign military sales (reimbursable sales to foreign governments) are also included.

The data base from which information for this report is collected does not include data on those parts of indefinite quantity contracts (except for petroleum products) that have not been translated into specific orders to businesses, those contracts that have not yet become mutually binding agreements between the government and the contractor, or prime contracts awarded by other U.S. Government Agencies and financed with DoD funds.

TOTALS

The United States total in the tables includes all contracts awarded for work performed in the United States. The United States, as used here, includes the 50 states, the District of Columbia, and the outlying areas of the United States. The United States outlying areas include American Samoa, the Federated States of Micronesia, Guam, the Marshall Islands, Northern Mariana Islands, Palau, Puerto Rico, the U.S. Minor Outlying Islands, and the Virgin Islands of the United States.

The subtotal "NOT DISTRIBUTED BY STATE" includes all contract awards of \$25,000 or less for performance in the United States. This subtotal also includes all contract awards, regardless of size, for performance in the United States outlying areas and all contract awards for performance in classified locations.

State subtotals include the net value of procurement awards over \$25,000 awarded to each state and the District of Columbia.

LOCATION OF CONTRACTS

Contract work is not necessarily performed in the state where the contract is awarded. Most manufacturing contracts have been attributed to the contractor's location where the product will be processed and assembled. When contract work has been performed at more than one plant, the contract has been attributed to the location where the largest dollar amount of work was produced. Both construction and service contracts have been attributed to the state where the work is to be performed. Contracts for transportation and communications services have been attributed to the state where the contractor's home office is located. For purchases from wholesale or other distribution firms, the location is the contractor's business address.

HIGHLIGHTS

The total United States prime contract awards during FY 1993 totaled \$130,951.8 million, an increase of \$1,532.5 million or 1.2 percent from FY 1992. The state that showed the largest dollar amount of change for FY 1993 was Missouri with an increase of \$1,891.8 million or 50.9 percent. In FY 1992, Missouri had a decrease of \$11,207.3 million or 8.0 percent. Table 1 shows Missouri having 5.0 percent of the "STATE TOTALS" amount in FY 1990, and 4.9 percent during FY 1993. The four year display in Table 1 shows Missouri amounts have fluctuated over the last three years, but the current amount is relatively proportionate to the dollar figure in FY 1990. This year the state with the second largest dollar amount of change was Florida with an increase of \$1,491.1 million or 29.9 percent. Table 1 shows Florida's percentage of "STATE TOTALS" has increased in each of the years following FY 1990.

In FY 1993, procurement increased in 25 states and the District of Columbia (median increase \$145.0 million) and decreased in 25 states (median decrease of \$124.8 million). Overall, the average and median change of procurement for all states in FY 1993 was a positive \$36.5 million and a positive \$1.2 million, respectively. The following ten states had the largest amount of procurement award dollar change from FY 1992 to FY 1993 (shown from largest increase or decrease to smallest increase or decrease):

(AMOUNTS IN THOUSANDS OF DOLLARS)

STATE	FY 1993 AMOUNT	FY 1992 AMOUNT	AMOUNT OF INCREASE OR DECREASE FROM FY 1992	PERCENT OF CHANGE FROM FY 1992
