13. ABSTRACT (Maximum 200 words) This is the third of three volumes of an alphabetical listing of corporate authors as used for announcement of reports received by the Defense Technical Information Center (DTIC). Former names of organizations are included and displayed below the current source name used by DTIC. Cross references direct the user from sub-element organizations to the major source level entry where they are also displayed. Major and sub-hierarchies are preceded and ended by a row of asterisks. This list is used in conjunction with and is not a replacement for DTIC's Source Header List, Volume 1, AD-A281 000, and Volume 2, AD-A281 001. It displays only those source names from the Source Header List to which hierarchical linkages are pertinent.

PREFACE

The Source Hierarchy List consists of an alphabetical arrangement of hierarchical linkages established for computer retrieval of data cataloged under source names used by the Defense Technical Information Center (DTIC).

Hierarchical relationships are coded to a maximum of 10 levels within each set of source names. Former names of organizations are included in this list and displayed below the current source name used by DTIC. Indentations and numbers identify relative hierarchical levels. The number one preceding a source name indicates that it is displayed one level under the major source name; the number two indicates that it is displayed two levels under the major source name; etc. Cross references are displayed from each hierarchy subset to inform the user that the subset is linked to a major level source name, and displayed under the alphabetical placement of that major source name. Each hierarchy is preceded and ended by a row of asterisks.

Page headings indicate either the first major source appearing on a page, or the main hierarchy to which the first source is linked. Source code numbers currently used in DTIC appear to the right of the source names.

Volumes I, II, and III of the Source Hierarchy List are companion volumes to the DTIC Source Header List. Volume I, AD-A281 000, and Volume II, AD-A281 001. The Source Hierarchy List displays only those source names from the Source Header List for which hierarchical linkages are pertinent.

Prepared under the Direction of

GOPALAKRISHNAN G. NAIR
Chief, Cataloging Branch
