VSWE VII - Col Phil Faye

“JSB is actually a key enabler that...

- allows the warfighters to immerse in the problem
- allows the engineer to observe and be involve
- allows you to really examine variations in performance capabilities”

Kestrel Phoenix - Lt Col. Gary Holland

I believe JSB as it continues to evolve and the direction we are going, instead of doing 10 TDY's in a year we might be able to do 8 TDY's and do 2 in the JSB environment

JSB Ignition Event III -

Maj. Charlie Dunn

“We had participation all the way from Incirlik Air Base... Additionally The Air Guard participated for the combat search and rescue event. In our Joint Air Operations Center, we actually fought the air battle”

Desert Pivot - Lt Col “Boomer” Henry

- “Kestrel Phoenix, created a scenario that was used several months before we did our first Desert Pivot.”
- “For about half the price, we probably got double the training. All of the original players plus a lot more”
