Preface

This selected bibliography lists references for readings on Jointness, an enduring theme of the U.S. Army War College. A revised and updated version of our earlier bibliographies on jointness, it focuses on aspects of United States armed forces such as joint operations, joint logistics, interservice cooperation, interservice rivalry, joint communications, joint training, and Goldwater-Nichols.

With the exception of some important older titles, most of the books, documents, articles and online resources cited are dated 2007 to the present. All items are available in the U.S. Army War College Library or on the Internet. For your convenience, at the end of the citations, we added Library call numbers, Internet addresses, or database links. Web sites were accessed during December 2010.

This bibliography and others, compiled by our research librarians, are available online through the Library's home page at <http://www.carlisle.army.mil/library/bibliographies.htm>.

For additional information, please contact the Research and Information Services Branch, U.S. Army War College Library, by sending an e-mail message to USAWC.LibraryR@us.army.mil, or by phoning Commercial (717) 245-4259 or DSN 242-4259.
