OBJECTIVE

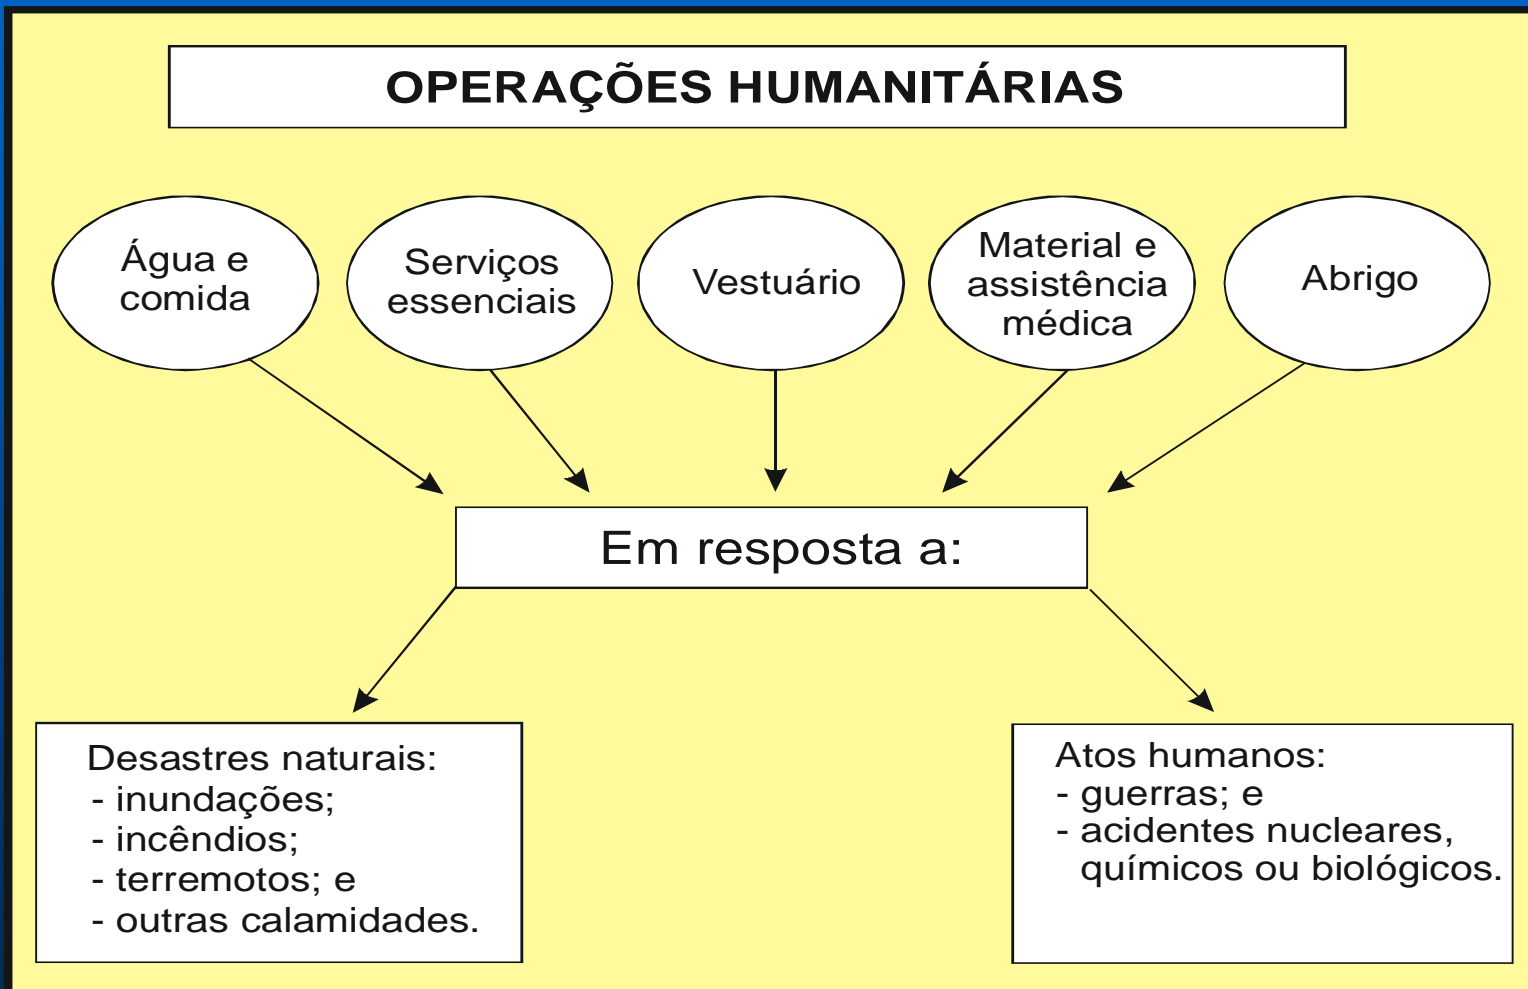

❖ Humanitarian Assistance

Operations conducted to **relieve or reduce the results of disaster** brought on by either natural (flood, drought, fire, hurricane) or manmade (civil violence, nuclear, biological or chemical accident) causes, or other endemic conditions such as human pain, disease, hunger or privation **inside or outside the country.**

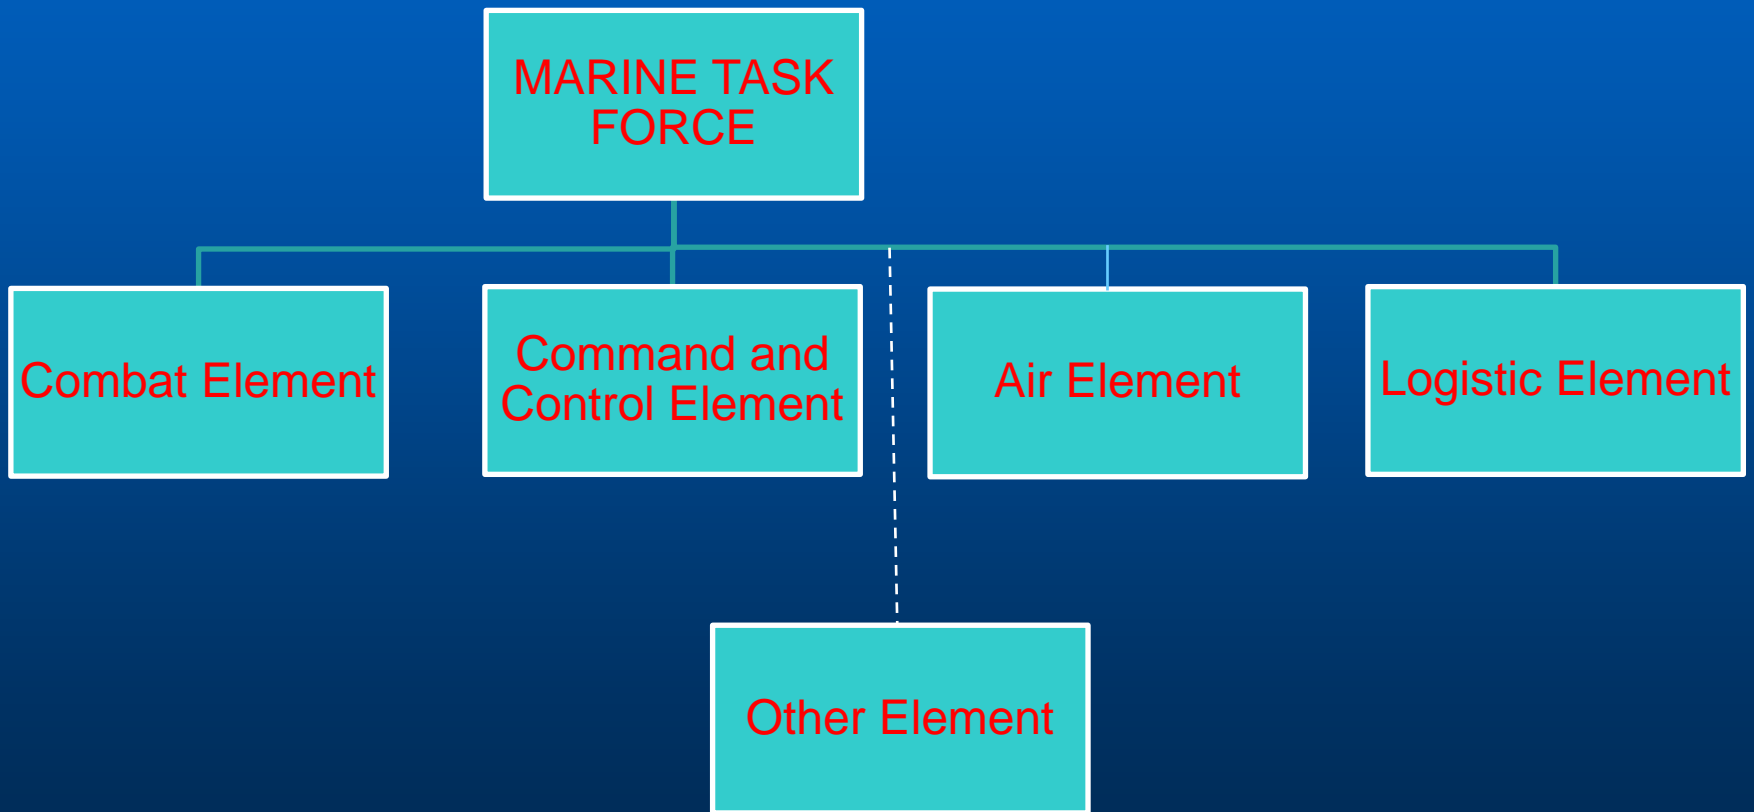

OBJECTIVE

STRUCTURE

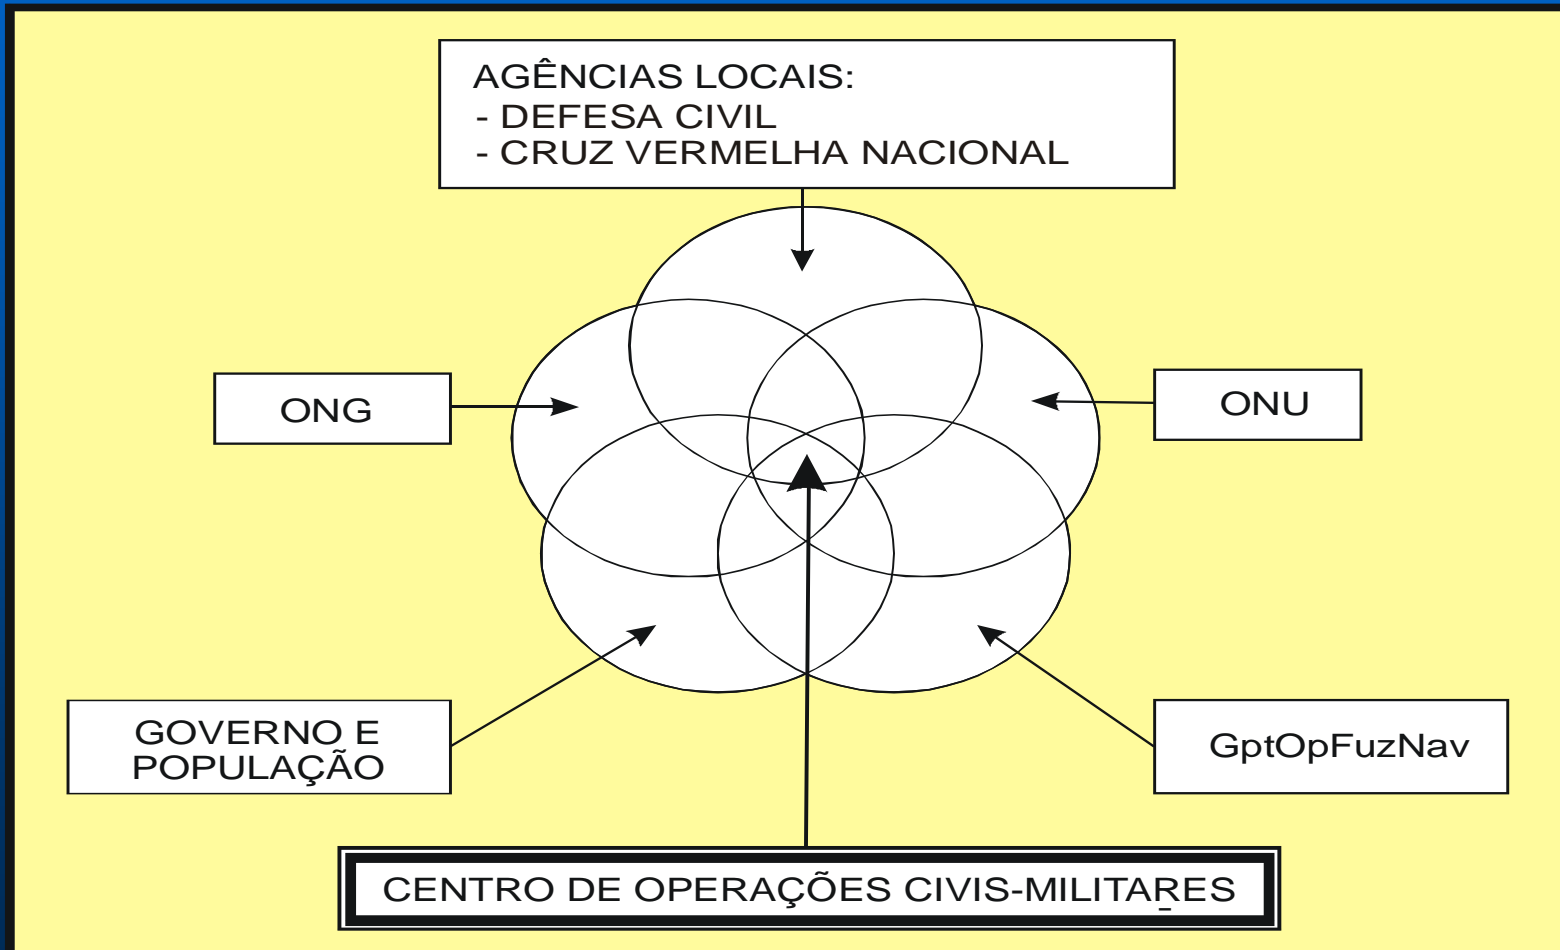

STRUCTURE

The TF tasked with a responding to such an incident must be an organization with diverse capabilities. It must deal with a **multitude of Agencies**, civilian contractors, international governmental organizations (IGO), private voluntary organizations (PVO), Non-governmental humanitarian organizations (NGO), Other governmental organizations (OGO) Coalition or Allied Military units, Host nation organizations. **Maximum participation of the agencies will be required to ensure understanding of requirements and capabilities available.**

INTERAGENCY COORDINATION "CIMIC"

PLANNING

Required Information

- The situation at the operation site, including the state of existing infrastructure;
- The identification of leaders;
- The immediate needs (such as water, food and medicine);
- The risks of contamination and necessary preventive measures: and
- The necessity and the existence of specific equipment for various jobs, like engineering, decontamination, etc..

EXPERIENCE IN HAITI
