INTRODUCTION

The purpose of this text is to provide a reference handbook for students and instructors of the US Army Armor School, nonresident students, instructors at other service schools, and US Army advisors to Armor units in the field. It contains data on organizations, details of equipment, and tables pertinent to armor operations.

The text reflects organizations of division level and below, as listed in *Department of the Army Tables of Organization and Equipment*, with changes available at time of preparation.

The **ARMOR REFERENCE DATA** has been prepared by the US Army Armor School. It reflects the current thought of this School and conforms to published Department of Army doctrine as closely as possible. Comments/recommendations concerning this special text should be forwarded to the Directorate of Training Developments, US Army Armor School, ATTN: ATZK-CSD, Fort Knox, Kentucky 40121.

SECURITY CLASSIFICATION OF THIS PAGE(When Data Entered)

INDIVIDUAL WEAPONS

Each Table of Organization and Equipment (TOE) provides that the personnel of the unit are to be armed with the rifle, 5.56mm unless otherwise indicated. Entries in the remarks column of Section II of the TOE designate specific individuals to be armed with a weapon, or weapons, other than the rifle. Rifle mounted grenade launchers, however, are authorized the squad, section, etc, in bulk for use as desired by the commander.

In this text, the following abbreviations are used to indicate the specific weapon(s) authorized each individual. Rifle grenade launchers have been included as an example of how this weapon may be distributed within the unit.

AR	Rifle, 5.56mm with bipod
GL	Launcher, grenade, M203
P	Pistol, caliber .45
R	Rifle, 5.56mm
Rev	Revolver, caliber .38
S	Submachinegun, caliber .45

ADA SECTION

RR/EO SEC

MISSION a. To increase the combat effectiveness of the separate armored brigade by providing engineer combat support

b. To provide an engineer special staff section for the brigade

ASSIGNMENT: Organic to Separate Armored Brigade, TOE 17-100, or Separate Infantry Brigade (Mechanized) TOE 37-100

CAPABILITIES: a. Provides engineer staff planning and supervision for organic and attached engineer troops

b. Provides the capability to accomplish engineer combat tasks, and when reinforced with engineer heavy equipment, may accomplish limited engineer combat support construction missions

c. Provides engineer reconnaissance and the production of engineer intelligence for the brigade

d. Provides atomic demolition munitions (ADM) support when reinforced with TOE 5-570 ADM Team

e. Provides a limited unit capability for infantry combat when required

f. Provides the capability to span three 60-foot wet or dry gaps with the class 60 armored vehicle launched bridge (AVLB)

g. When equipped with mobile assault bridging equipment, can erect up to 282 feet of class 60 floating bridge or two class 60 self-propelled ferries

h. When equipped with M416 or class 60 bridging equipment

(1) Can erect the M416 bridge which provides up to 280 feet of class 50 floating bridge or two four-float class 50 rafts and two five-float class 60 rafts. Bridge components may also be used to construct short fixed spans

(2) Can erect the class 60 bridge which provides up to 270 feet of class 60 floating bridge or two class 45 four-float rafts or two five-float class 60 rafts. Bridge components may be used to construct short fixed spans

i. Provides stream crossing equipment to support an infantry company in a river crossing when amphibious vehicles cannot be used, are not available, or river conditions preclude the use of mobile amphibious bridge or ferry vehicles. Equipment includes:

(1) Assault boats (9) and reconnaissance boats (6) to carry one infantry company by waterborne assault

(2) Light tactical raft capability to provide the following options:

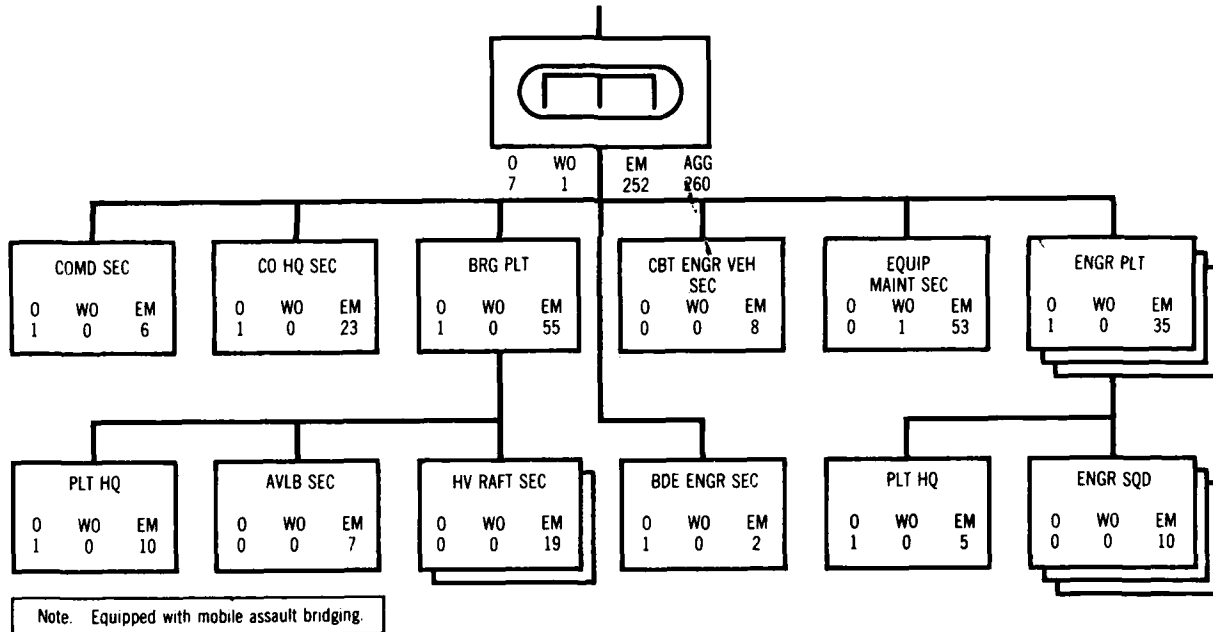

(a) One class 12 ferry, or

(b) One class 12 bridge 44 feet long, or

(c) Four pontoons powered by outboard motors for use in assault crossings if required

j. Provides organizational maintenance for organic equipment
