12a. DISTRIBUTION/AVAILABILITY STATEMENT Approved for public release; Distribution is unlimited.		12b. DISTRIBUTION CODE A	
13. ABSTRACT (Maximum 200 words) The Law Enforcement Support Office (LESO) national conference was a three-day forum to inform and update federal, state and local law enforcement agents, of the DoD role supporting the National Drug Control Strategy. DoD is authorized to transfer excess DoD personal property (i.e., from rifles to armor vehicles) to assist drug law enforcement agencies (LEAs). Operational responsibility belongs to the Defense Logistics Agency via. LESO. This forum allowed LESO staff to update current program participants on new issues and to demonstrate to new and potential users on how LESO could assist LEAs with property distribution via memorandum of agreements and how to fill-out required documentation.			
14. SUBJECT TERMS Drugs; Drug trafficking; Equipment; Interdiction; Law Enforcement; Logistics; Narcotics; National Policy; Weapons		15. NUMBER OF PAGES 92

Conference Highlights

- Mr. Walter B. Bergmann II, Defense Logistic Agency, addressed the conferees stating Defense Logistics Agency senior leadership commitment and involvement with the Law Enforcement Support Office and its various programs.
- LTC Cassandra Roberts formally met the State Points of Contact and other attendees for the first time, and used the Conference as a opportunity to articulate her vision for the program, goals and objectives, and her need to learn from its customer/partners in the Law Enforcement Agencies and at the participating States.
- Conferees were provided update briefings on Law Enforcement Support Office-specific program and activities, as well as, those of other related Defense Logistics Agency and Defense Criminal Investigative Service program areas.
- Conferees were briefed, and received a demonstration on the new Defense Information Systems Agency-maintained Defense Automation Resources Management Program (DARMP), a.k.a., the Virtual Defense Reutilization & Marketing Office. Designated representatives from the States were provided the opportunity to establish DARMP accounts and obtain passwords on-line at the Conference.
- The Conference provided a forum for discussion of the interest and feasibility of forming a network and organization of State Points of Contact.
- LTC Roberts led extensive Q&A and a discussion session to surface issues and concerns. Topics from the floor were wide-ranging, but one major issue area concerned the need for more definitive guidance on the maintenance, recordkeeping, and disposition of aircraft.

Department of Defense

Overview of DoD Support to the National Drug Control Strategy

June 2, 1999

DoD CD Mission

- Coordinating and monitoring interagency efforts to promote the detection and monitoring of the maritime and aerial transit of illegal drugs into the United States
- Developing policy, conducting analyses, providing advice, making recommendations and issuing guidance on Department of Defense counterdrug strategy, plans and programs consistent with National Drug Control Strategy
- Developing systems and standards for the administration and management of approved Department of Defense counterdrug plans and programs

DoD CD Mission (Cont.)

- Reviewing, evaluating, coordinating and monitoring Department of Defense counterdrug plans and programs to ensure adherence to approved policy and standards
- Developing, coordinating and implementing the planning, programming and budgeting (PPBS) for the Department of Defense counterdrug mission to include National Guard support in State Plans
- Serving as the Department of Defense point of contact for the Office of National Drug Control Policy (ONDCP) and other Federal and State Agencies as appropriate

National Policy Guidance

- Goal 1: Educate and enable America's youth to reject illegal drugs
- Goal 2: Increase safety of America's citizens by substantially reducing drug-related crime and violence
- Goal 3: Reduce health and social costs to the public of illegal drug use
- Goal 4: Shield America's air, land, and sea frontiers from the drug threat
- Goal 5: Break foreign and domestic drug sources of supply

GOAL 1: America's Youth

- National Guard community Outreach programs
- Young Marines
- Volunteer Active Duty and Reserve youth programs

GOAL 2: Support to Domestic DLEAs

- National Guard
- C4I Support
- Army MP School, Controlled Deliveries
- JTF-6 (other than Southwest Border), Civil Air Patrol, Army training in support of domestic DLEAs
- DOMINANT CHRONICLE (DoD/FBI)
- Intelligence Training and Analyst Support
- Transportation Support (controlled deliveries)

GOAL 3: Demand Reduction

- Military and DoD Civilian Drug Testing
- Prevention and Education within DoD Community

**Active Duty Military Drug Use
(Past 30 Days)**

GOAL 4: Shield America's Frontiers

- Air and Maritime Detection and Monitoring
 - Aircraft, Ships, VA/TX ROTHs, CBRN, Aerostats
- C4I Support
 - JIATF-E, TATs, ADNET
- Mexico Mil-to-Mil Support
 - Counterdrug training
- National Guard (SWB ops)
- SIGINT, CD RDT&E
- JTF-6 (SWB), Fleet Support, and Military Working Dogs
- Reserve support to DLEAs

GOAL 5: Break Foreign and Domestic Sources of Supply

- Detection & Monitoring Support
 - PR ROTH, GMRs, Trackers, E-3s
- C4I Support
 - JIATF-S, CMS, TATS, DIA CD Analysis
- SIGINT
- SOF Support, Colombia/Peru Riverine, Ground-based endgame
- NG CONUS Marijuana Eradication
- JTF-6 (ops and C3I)

Highlights of FY99 Domestic DLEA Support

- National Guard Support
- JTF-6 Support
- Reserve Support
- Transportation Support

Summary

- DoD provides a wide range of counterdrug support to domestic and foreign drug law enforcement agencies
- DoD provides counterdrug resources in support of all five National Drug Strategy Goals

The Role of the National Institute of Justice

National Law Enforcement and Technology Center

William E. LeGro
National Institute of Justice

National Law Enforcement and Technology Centers

- Southeast, Charleston, SC
 - Ken Dover
 - Locates excess property and advises LEAs and State Coordinators
 - Advises State Coordinators on how to manage the State programs
 - Denver, Colorado
- Rome, New York
 - Paul Reining and Robert DeCarlo
 - Locates excess property and advises LEAs and State Coordinators
 - Advises State Coordinators on how to manage the State programs

Basis for Department of Justice Participation

- Principal interest is in making the system work best on behalf of State and local law enforcement.

National Law Enforcement and Technology Center System

- **Nine Sites**
 - National - Rockville - equipment standards and testing -- vehicles, tires, body armor, handcuffs, shotguns, JUSTNET
 - Northeast - Rome, NY - command-control, computers, commo, intelligence (Robert DeCarlo)
 - West - El Segundo--audio, video, photographic evidence
 - Border Research and Technology--(San Diego) control of the border
 - Law Enforcement Technology Commercialization--Wheeling, WV
 - Center for Forensic Science--Orlando (Univ. Central Florida)
 - Southeast--(Charleston, SC) Corrections and excess property (Ken Dover)
 - Rocky Mountain--(Univ. Denver) Interoperability, crime mapping, EOD, excess, (Paul Reining and Mike McGee)

Tech Beat

- How to obtain copies
- How to use the web-site

NLETC Manual

- New information:
 - New source of weapons--status: stalled since April; coordinators could help move process along. Coordinators should get to know their SASP and pass the word to the LEAs.
 - Body armor and other excess from Federal LEAs; 5.899 passed. Attached to Youth Violence Act. FBI and other Federal agencies would be authorized to make direct transfers to LEAs.

Tribal LEAs

200 Tribal Police Departments in 30 States

- Alabama
- Arizona
- California
- Colorado
- Connecticut
- Florida
- Idaho
- Iowa
- Kansas
- Louisiana
- Maine
- Montana
- Michigan
- Minnesota
- Mississippi
- Nebraska
- Nevada
- North Carolina
- North Dakota
- New Mexico
- New York
- Oklahoma
- Oregon
- Rhode Island
- South Dakota
- Texas
- Utah
- Washington
- Wisconsin
- Wyoming

Need for National Association

- Gary White of California - taking lead in getting such an organization launched which DLA welcomes
- DLA and GSA now deal with two organizations that represent customers of surplus and excess property:
 - NASASP and Users and Screeners Association, Federal Excess Personal property (USA-FEPP)

**Defense Logistics Agency
Support to Law Enforcement Agencies
Overview**

- Background
- Milestones

Defense Logistics Agency Support to Law Enforcement Agencies Program Background

- Section 1208 of the National Defense Authorization Act of Fiscal Year 1990

- Congress authorized Secretary of Defense to transfer excess DoD personal property to Drug Law Enforcement Agencies
- Management responsibility rested With OSD Office of Drug Enforcement Policy and Support (DEP&S)

Defense Logistics Agency Support to Law Enforcement Agencies Program Milestones

- Executed through four (originally five) Regional Logistical Support Offices (RLSOs)
- Each office was staffed with four military personnel, one officer and three enlisted (except RLSO V, two enlisted)

Defense Logistics Agency Support to Law Enforcement Agencies Program Milestones

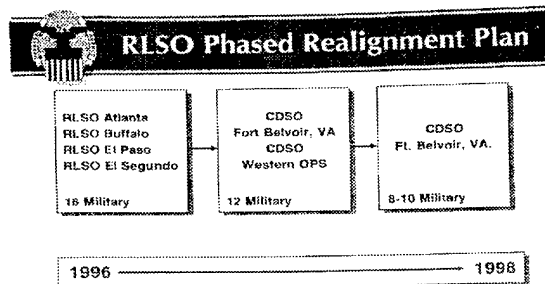

- June 1995 Secretary Defense transferred operational responsibilities to Defense Logistics Agency (DLA)
 - Growth of the program
 - Management controls
- October 1995 business relationship between states and DLA were established via Memorandum of Agreement (MOA)

Defense Logistics Agency Support to Law Enforcement Agencies Program Milestones

- June 1996 the Regional Logistical Support Offices were consolidated
 - Inconsistent practices
 - Limited controls
 - Manpower versus workload

**Defense Logistics Agency
Support to Law Enforcement Agencies
Program Milestones**

- The Counter-Drug Support Office's were established reflecting the essence of the 1208 Program

CDSO-West
El Segundo, CA

CDSO
Ft Belvoir, VA

**Defense Logistics Agency
Support to Law Enforcement Agencies
Program Milestones**

- Fall 1996 Congress rescinded Section 1208 and in it's place Congress established Section 1033
 - Spring 1997 the Law Enforcement Support Office's were established reflecting the essence of the 1033 Program

LESO-West
San Pedro, CA

LESO
Ft Belvoir, VA

Defense Logistics Agency Support to Law Enforcement Agencies Program Milestones

- June 1999 final phase of the original "RLSO Phased Realignment Plan" is completed

Please include this cover sheet with the information contained in this form to facilitate review. This form is intended for the internal use of the Defense Logistics Agency. Please advise this form to the recipient. Any unauthorized review, reproduction or use of any part of this form is prohibited. If you receive this form, please advise the sender as soon as possible.

DATE: 5-12-99 TO: STATE COORDINATOR
FROM: TSgt BRUCE WINGATE
SUBJECT: RETURNED REQUEST FOR D.O.D. EXCESS PROPERTY
STATE TRACKING # Villa Hills PD, KY
AFTER REVIEWING YOUR REQUEST, IT IS BEING RETURNED FOR THE FOLLOWING REASON(S):

Form has missing or incorrect Tracking Number, Stock Number, Document Number, Location, Unit Price, Quantity, Name, State, Agency Name, DRMS, Approval and/or Signature from State Coordinator.

☐ The Stock Number is invalid.
☐ Batch Lots must be itemized.

Quantity was reduced based on excess property previously issued, with the agency reaching its quota for that particular type of item.

Written justification, LINE ITEM# On the attached DRMS Form 103 require written justification prior to release. The justification should identify how the property directly assists law enforcement officials in the execution of their primary duties.

The DoD property listed on the attached request is an unauthorized commodity type, which is not authorized for transfer under the 103 program. However, the property may be obtained thru another program such as the "Donation Program". Please contact with your State Surplus Property Officer for more information.

- Background
- Excess/Surplus Lifecycle
- Eligibility Criteria
- Assistance Provided by DoD
- Requirements for States
- State Plan of Operation Elements
- Restrictions
- Special Item Rules
- Web Resources

• • • • •

Background

- Improve the efficiency and fairness of the program
- Institute controls that would reduce waste, fraud, and abuse in the system
- Make optimum use of the military officers and non-commissioned officers assigned

• • • • •

Excess/Surplus Lifecycle

• • • • •

Eligibility Criteria

D L A Definition

- Government Agencies
- Enforcement of Federal, State and Local Laws
- Compensated Law Enforcement Officers
- Power of Arrest and Apprehension

• • • • •

Assistance Provided by DoD

- Provide Assistance with Electronic Screening Capability
- Issue Release Papers
- Identify Special Control Property
- Transfer Title of Property
- Prioritize Requests for Property

Requirements for States

- Submit Plan of Operation in accordance with State Law and MOA
- Pay Transportation Costs
- Maintain Adequate Insurance / Hold Harmless Provision
- Administer Agreements with LEAs
- Comply with Environmental Laws for Disposal
- Assure all Weapons are Registered with BATF

• • • • •

State Plan of Operation Elements

- Detail the organizational and operational authority, including staffing & facilities
- Procedures for eligibility, allocation, and equitable distribution of materials
- Compliance and reutilization reviews
- Accountability and property disposal
- Plan of return for items requiring demilitarization to DRMO

• • • • •

Restrictions

- Cannot be obtained for the purpose of sale, lease, rent, exchange, barter, to secure a loan, or to otherwise supplement normal State/LEA budgets
- 1 Year Rule – property must be put into use within 1 year of receipt and utilized for a minimum of 1 year, unless the condition renders it unusable

• • • • •

Special Item Rules

- Five-Year Rule for maintenance of Aircraft
- Through the State coordinator, LEAs may trade aircraft and FSCAP to other LEAs, if maintained in accordance with FAA guidelines and with maintenance and repair documentation.
- Disposal of Commerce Control List Items/Munitions List Items when detailed in state plan and only those items that do not require demilitarization

Summary

Defense Logistics Support Command

Support to State and Local Law Enforcement Agencies

Barbara Anderson
Civil Agency Focal Point

ABOUT THE 1122 EQUIPMENT PROCUREMENT PROGRAM

Law Enforcement Program, Section 1122

- Provides items to its customers through three separate Federal sources working in conjunction with the Department of Justice:
 - **Department of the Army (DA) Executive Agent:** For item information, contact Bill Croom at (703) 697-5741
 - **Defense Logistics Support command:**
LESO Office 1-800-532-9946
 - **General Services Administration (GSA):** For item information, contact ZoeAnn Frietag (703) 308-7660

1122 EQUIPMENT PROCUREMENT PROGRAM

- Currently 41 states have appointed SPOC's
- Material may be purchased from Department of the Army (DA), Defense Logistics Agency (DLA) and the General Services Administration (GSA)

SUPPORT TO LAW ENFORCEMENT DOD Support to State and Local Law Enforcement Activities

Law Enforcement Program, Section 1122

- FY 1994 National Defense Authorization Act authorizes state and local governments to purchase law enforcement equipment suitable for counterdrug activities through the Federal Government.
- Purchase discounts available due to large volume purchases by the Federal government.

UPDATES

DoD Support to State and Local Law Enforcement Activities

- 41 states have appointed State Points of Contact (SPOCs)
- Eight States have received grants to help get program underway
- SPOC training was conducted in May 1999
- Law Enforcement Guide and Catalog currently under revision

1122 Equipment Procurement Program

- How to order material
- Identify which items you need to support Counterdrug activities
- Contact your State Point of Contact (SPOC) for ordering instructions
- State and local law enforcement activities must secure funding for items requested and provide payment to the SPOC along with the request.

THE ROLE OF DCIS IN THE 1033 PROGRAM

Mr. Tom Conaty
Defense Criminal Investigative Service

BACKGROUND

- Established 1981 as Criminal Investigative Component of the Office of the Inspector General, Department of Defense
- Concentrates on investigations of significant abuse and crimes in DOD procurement and acquisition
- Minimize wrongdoing through an effective program of prevention and detection

DCIS INVESTIGATIONS

- Conduct interviews, review and analyze documents, appear as witnesses, determine if wrongdoing occurred
- Criminal, civil, administrative sanctions, suspensions, debarments from doing business with the government
- If wrongdoing occurred, ascertain:
 - nature of wrongdoing
 - criminal laws violated
 - individuals involved
 - effectiveness of DoD internal management controls
 - loss or harm to the DoD

DCIS investigations result in significant criminal, civil and administrative sanctions, including imprisonment, fines and restitution, as well as suspensions and debarments from doing business with the Government. Violations of Federal laws are presented to the Department of Justice for consideration of criminal prosecution and civil action to recover Government funds. The results of our investigations are also coordinated with the appropriate DOD and Military Service legal and contracting authorities for consideration of administrative sanction.

SPECIAL AGENTS' AUTHORITIES

- Administer Oaths
- Subpoena Records and Documents
- Carry Firearms
- Request and Execute Search Warrants
- Make Arrests

HEADLINES OF DCIS INVESTIGATIONS

- Cost/Labor Mischarging
- Health Care Fraud
- Product Substitution
- Environmental Crimes
- Kickbacks and Bribery
- Defective Pricing
- Theft of Government Property
- Progress Payment Fraud
- Bid Rigging

THE INVESTIGATION AND YOU

- Contact to prove or disprove allegation
- DoD employees have a duty to assist in helping to identifying fraud, waste, mismanagement
- DoD contractor employees' responsibilities
- Protection from disclosure

HOW YOU CAN HELP

- Your assistance may be key
- Ensuring safer equipment and products for US military personnel
- Reporting fraud, waste or mismanagement

**Defense Logistics Agency
Support to Law Enforcement Agencies
1033 Weapons Program Overview**

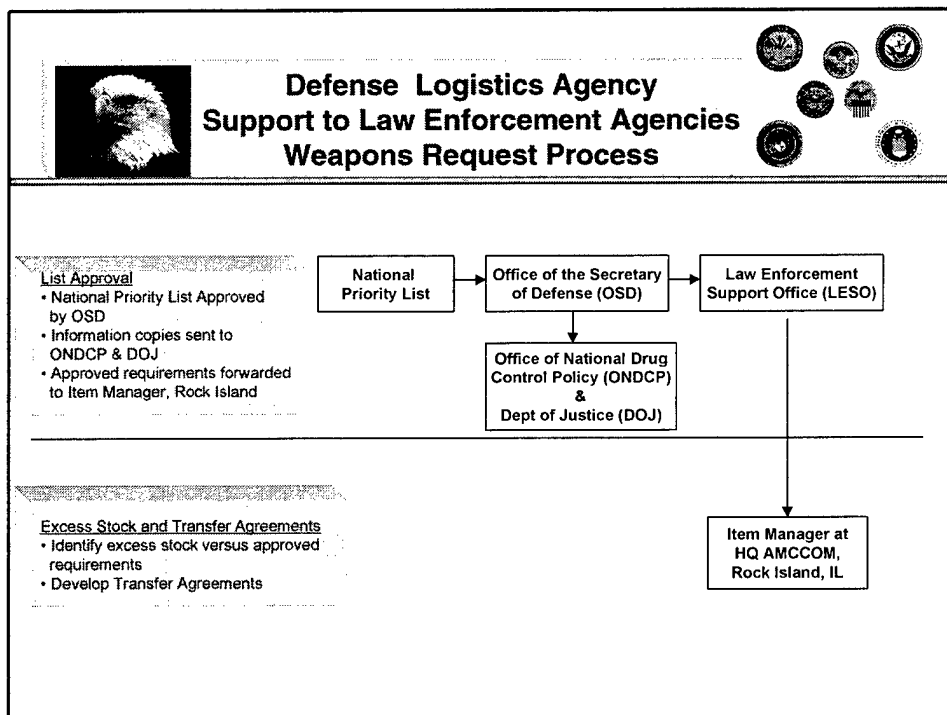

- ✓ Good News:
 - Processing times decreased
 - Tranche listings, monthly vice quarterly
 - Coordination process
- ✓ Bad News:
 - Availability of weapons types
- Tranche Status'
 - Tranche 33 -Send to State Coordinators
 - Tranche 34 - Pending release to State Coordinators
 - Tranche's 35 thru 38 - At Rock Island Pending Transfer Agreements
 - Tranche 39 - Pending approval

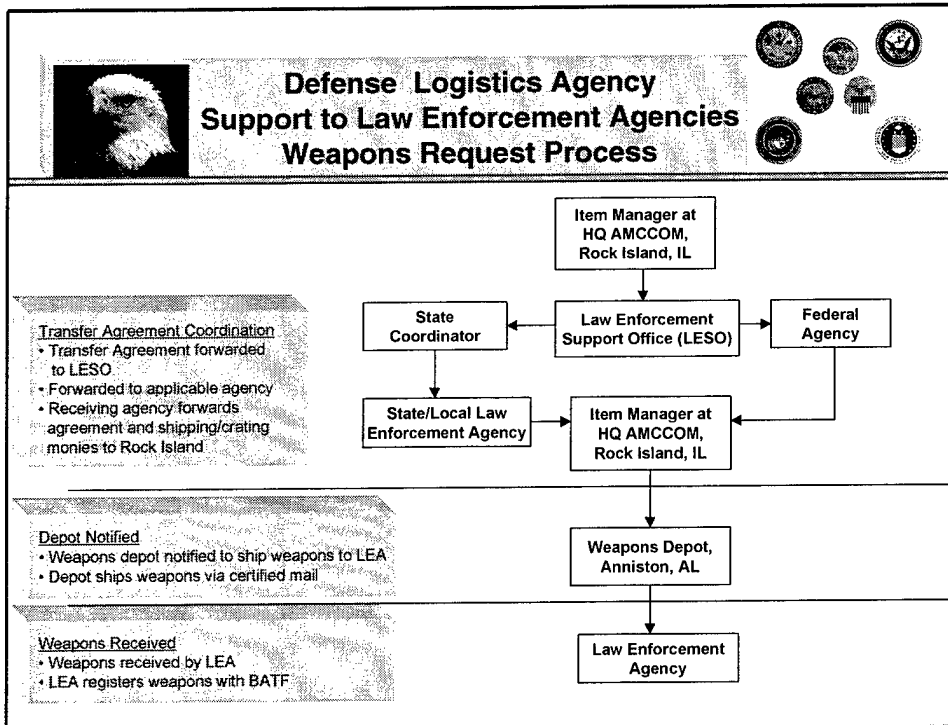

**Defense Logistics Agency
Support to Law Enforcement Agencies
1033 Weapons Program Overview**

- Weapons Tranche's are prioritized by
 - Law enforcement agency's mission
 - Received at the LESO
 - Received at the State Coordinator
- Approved quantities of weapons are based on
 - Law enforcement agency's size (number of full-time sworn officers)
 - Previously issued like weapons
- Allows for a fair and equitable distribution on a national scale
- M-16's are no longer available
 - If you have not received a transfer agreement for M-16's
 - Change from M-16's to M-14 must submit a request through the State Coordinator to the LESO

Defense Logistics Agency Support to Law Enforcement Agencies Weapons Characteristics and Status

M-16A1 Rifle

- Caliber: 5.56x45mm (.223)
- Mechanism: Gas, direct action, selective fire, 20 and 30 round box magazine
- Weight: 6.30 lbs. (2.86kg) empty
- Length: 39.00" (990mm)
- Rate of Fire: 700-950rds/min
- Muzzle Velocity: 3,280ft/sec (1000m/sec)
- Effective Range: 1312 ft (400m)

No Longer Available

- Approximately 9,829 issued to LEAs
- Tranche 28
- Availability Status: Excess stock exhausted

**Defense Logistics Agency
Support to Law Enforcement Agencies
Weapons Characteristics and Status**

M-14 Rifle

- Caliber: 7.62x51mm NATO (.308 Win.)
- Mechanism: Rotating bolt, gas operated, air cooled, semi-automatic magazine fed rifle
- Weight: 8.55 lbs. (3.88kg) empty
- Length: 44.1" (112cm)
- Rate of Fire: 700-750rds/min
- Muzzle Velocity: 2,800ft/sec (853m/sec)

- Approximately 7,534 issued to LEAs
- Availability Status: Currently available

**Defense Logistics Agency
Support to Law Enforcement Agencies
Weapons Characteristics and Status**

M-79 Grenade Launcher

- Caliber: 40mm
- Mechanism: Single shot, break-open, breech-loading, shoulder fired weapon
- Weight: 5.99 lbs. (2.72 kg)
- Length: 29.01" (737mm)
- Max Effective Range: 492 ft (150m) (point targets)

No Longer Available

- Approximately 219 issued to LEAs
- Tranche 26
- Availability Status: Excess stock exhausted

**Defense Logistics Agency
Support to Law Enforcement Agencies
Weapons Characteristics and Status**

M-21 Sniper Weapon

- Caliber: 7.62x51mm NATO (.308 Win.)
- Mechanism: Rotating bolt, gas operated, air cooled, semi-automatic magazine fed rifle
- Weight: 11.25 lbs. (5.11kg)
- Length: 44.1" (112cm)
- Max Effective Range: 2696.16 ft (822m)
- The M-21 is essentially a modified M-14 National Match rifle.

No Longer Available

- Approximately 92 issued to LEAs
- Tranche 21
- Availability Status: Excess stock exhausted

**Defense Logistics Agency
Support to Law Enforcement Agencies
Weapons Characteristics and Status**

.38 Revolver

- Caliber: .38
- Mechanism: Double-action, six shot cylinder
- Weight: 1.9 lbs. (865g)
- Length: 9.2" (235mm)
- Barrel: 2" (50mm) and 4" (101.6mm)

- Have not been issued to LEAs
- Availability Status: Currently available

**Defense Logistics Agency
Support to Law Enforcement Agencies
Screening Authorization Letter**

.45 Model 1911 Automatic Pistol

- Caliber: .45
- Mechanism: Short recoil, self-loading,
7-round box magazine
- Weight: 2.4 lbs. (1.13kg)
- Length: 8.6" (219mm)
- Barrel: 4.9" (127mm)

- Approximately 278 issued to LEAs
- Availability Status: Currently available

**Defense Logistics Agency
Support to Law Enforcement Agencies
Weapons Characteristics and Status**

12 Gauge Shotgun

- Caliber: 12 gauge x 2 3/4"
- Mechanism: Manually operated (pump),
repeating shotgun, 7 round
tubular magazine
- Weight: 7.9 lbs. (3.60kg)
- Length: 41.7" (1060mm)
- Barrel: 20.9" (533mm) modified choke

- Approximately 1,277 issued to LEAs
- Tranche 25
- Availability Status: Currently not available

Mr. Tom Ruckdashel
Defense Logistics Support Command

“The Millennium Bug”

- “...the inability of some computers to correctly recognize dates after 1999”
 - Non-compliant equipment may pose some user risks, particularly bio-medical equipment (ie, Federal Supply Classes 6515, 6525)
- Reminder: Y2K status of excess property is generally unknown

**For State Reviews
Law Enforcement Support Office
Defense Logistics Agency
(November 1, 1998 Edition)**

PART I:

STATE AGENCY REVIEWS:

- A. Frequency of Reviews The Law Enforcement Support Office (LESO), at a minimum, shall conduct reviews of State 1033 program operations a minimum of once every 2 years.
- B. Scheduling Reviews The LESO, in concert with the State Coordinator, shall establish a projected review schedule for the assigned agencies.
- C. Purpose of Reviews The purpose of the review is to evaluate the operation and effectiveness of the State agency's conformance with the approved State Plan of Operation and the requirements of the Memorandum of Agreement (MOA). The compliance review is intended to last one day, not to exceed two days. Visits to subordinate Law Enforcement Agencies (LEAs) as part of the review are encouraged.
- D. Conduct of the Review
 - (1) Notification to the State agency. Approximately 30 days before a review, the LESO shall advise the Governor-appointed State Coordinator the scheduled review will take place.
 - (2) Preparation for the review. Before the visit, the LESO shall review the 1033 program plan of operation and examine prior reviews, audits, and other appropriate information.
 - (3) Entrance meeting. The reviewer shall meet with the State Coordinator to explain the purpose of the visit.
 - (4) Exit meeting. Upon completion, the reviewer shall conduct an exit conference to address the results/findings of the visit. The reviewer will advise the Coordinator if corrective action is required, if any. Agreement should be reached as to corrective measures necessary. A formal written after action review (AAR) will be prepared by LESO and forwarded to the State Coordinator within 30 days. The State Coordinator will in turn provide a written response to the formal AAR at 30 and 60-day intervals as applicable. The State will address specific actions taken to remedy noted problem areas. Failure to respond to the formal AAR may result in temporary or permanent suspension from the program.

PART II.

- A. Checklist for Review The following checklist is established for use by LESO personnel when conducting a review of State Operations Plans. The following areas shall be reviewed and a report included in the State file as a preface to other comments.

requirements (those actions needed to bring the State agency into compliance with the State Plan of Operation, and recommendations (suggested actions for improving State agency operations). The reviewer should feel free to extend the scope of the review beyond the items on the checklist and is responsible for reviewing any special or unusual matters pertaining to State agency operations.

B. State Plan of Operation. Determine if the State plan is in conformance with the requirements of the MOA in the areas cited below.

C. Organization and Operational Capability Letters of appointment (From the Office of The Governor) must be on file and current. Ensure the State Coordinator, and when applicable, other delegated authorities are identified in the plan of operation. Determine if the agency has adequate personnel to effect accountability and distribution of property. Employee training should also be evaluated to determine if employees have adequate training to perform the duties assigned to them and, if not, what provisions have been made to provide such training. This applies especially to those involved in making eligibility determinations.

(1) Current Governor's Office Letter on file? Yes/No

(2) Are an adequate number of trained personnel in place to effect accountability, proper maintenance, and distribution of property? Yes/No

(3) Adequate training for employees? If no, what provisions have been made to provide such training? Yes/No

D. Property and Inventory Control. Accurate records that establish effective accountability of all 1033 property must be maintained. Such records should be sufficient, in the event of theft, to determine and describe the missing property. Records must provide an "audit trail" for individual items of property from receipt to distribution. Review State ledgers and compare property receipts with property distribution. Inventory records, where applicable, are to be examined for frequency, accuracy, and methods of reconciliation. Special attention should be given to records relating to items requiring Demilitarization (DMIL), Munitions List Items, Control List Items, Aircraft, Flight Safety Critical Aircraft Parts, and items sensitive to theft. Review procedures for reporting overages and shortages and compare reports with regional records. Records should be in accordance with State Law.

NOTE: SENSITIVE PROPERTY: Procedure should be specific and detailed, particularly with regard to in-process control, protection, physical security, and periodic inventory.

(1) Are accurate accountable records of all 1033 properties maintained? Yes/No
Records must provide an "audit trail" for individual items of property from receipt to distribution.)

(2) Do State ledgers match property receipts with property distributions? Yes/No

(3) Are separate records maintained identifying reconciliation results? Yes/No

(4) Is special attention given to records relating to DMIL, MIL, CCL, Aircraft, FSCAP and items sensitive to theft? Yes/No

(5) Are adequate procedures in place for reporting overages or shortages? Yes/No

E. Transitional Distribution Points 1033 assets must be identified as such and stored physically apart from other categories of property. The inherent disadvantage in commingling is that the assets may lose their identity as 1033 property. Convenience and apparent ease for the State will not be considered appropriate rationale. Special controls will be used for sensitive property (i.e. firearms and hazardous property/material).

(1) Are 1033 assets identified and stored apart from other categories of property? Yes/No

(2) Are special controls in effect for sensitive property such as firearms, and hazardous property/materials? Yes/No

(3) Are all properties requested and earmarked for a specific LEA thereby avoiding speculative requisitioning? Yes/No

F. Non-Utilized Property Review methods used to dispose of undistributed property. Are current procedures effective for identifying serviceable property no longer needed? Determine what steps are being taken to minimize the acquisition of unnecessary property.

(1) Are adequate methods in use to dispose of undistributed property? Yes/No

(2) Are the current procedures for identifying unneeded serviceable serviceable property effective? Yes/No

(3) Are adequate steps taken to minimize the acquisition of unnecessary property? Yes/No

G. Fair and Equitable Distribution Evaluate the effectiveness of the State agency's efforts to ensure fair and equitable distribution of property based on the relative needs and resources of its LEAs. Determine if desirable items of property are fairly distributed among all categories of LEAs. Examine records to see if they indicate a preponderance of distribution to particular LEAs and/or regions within the State.

(1) In determining State Coordinator's recommendation for approval of LEA requests, is consideration given to the needs and resources of its LEAs? (i.e.: size of LEA, types and severity of crime, previous utilization of property already received by that LEA) Yes/No

(2) Are highly desirable items fairly distributed among all categories of LEAs? Yes/No

(3) Do records indicate recurring distribution to particular LEAs and/or regions within the State? If yes, is property allocation commensurate with mission requirements within state jurisdictions? Yes/No

- (4) Does State Coordinator sign all transfer DRMS 1033 requests? Yes/No
- H. Eligibility Procedures should clearly specify the eligibility requirements for participation by LEAs. LEA letters of (screening) authorization will be maintained in systematic manner and contain all necessary documentation. Files are required to be updated periodically and annotated to indicate when they were last reviewed.
- (1) Do procedures clearly specify the eligibility requirements for participation by LEAs? Yes/No
- (2) Are LEA Data Sheets signed by the Chief Executive official of the agency before being endorsed by the State Coordinator? Yes/No
- (3) Is there a system in place to ensure only those agencies eligible under Section 1033 participate in the program? Yes/No
- I. Compliance and Utilization Reviews Review program files and records to determine if utilization surveys are conducted to validate that LEAs are properly using and complying with the terms and conditions on property. Check the frequency of these surveys and determine the result of aircraft and vessel utilization survey. Determine if there is a system in place for monitoring compliance on property.
- (1) Is all property transferred consistent with requirement of the MOA? Yes/No
- (2) Is a complete listing of property on file with evidence that it has been approved by the LESO? Yes/No
- J. Records Management The State Plan of Operation, Cooperative Agreements, State Agency Review, audit reports, eligibility records, control register for screeners, and other program files will be current and filed in an orderly manner. Examine program manuals and handbooks to make sure they are complete, current, and accessible to office and supervisory staff. Check State Plan to determine if it has been updated to conform with changes in the MOA. Also examine the efficiency of records retrieval and evaluate its effectiveness.
- (1) Are the State Plan of Operation, Cooperative Agreements, State Agency Review, audit reports, eligibility records, control register for screeners, and other programs on file? Yes/No
- (2) Are information manual and handbooks complete, current and accessible to office and supervisory staff? Yes/No
- K. Insurance State provided written agreement of understanding for liability, property damage and/or workmen's compensation requirements.
- (1) Does the State provide a written agreement of understanding for liability, property damage, and/or workmen's compensation requirements? Yes/No

L. Security (loss, theft, damage or destruction) Theft, suspected theft, illegal diversion, or manipulation of 1033 property should be immediately reported to appropriate State officials and the LESO as soon as the facts are known. Information on theft involving firearms should also be reported to the Defense Logistics Agency, Attention DCIA, the local FBI office, and the Bureau of Alcohol, Tobacco, and Firearms.

(1) Are procedures in effect for immediate and proper reporting of theft, suspected theft, illegal diversion, or manipulation of 1033 property to appropriate local, DLA (LESO) or Federal officials as soon as they are discovered? Yes/No

AVIATION SUPPORT DSCR (S9G)

POINT OF CONTACT: Marty Wright (804) 279-5556

Selected Military Spares available for:

BELL 204/205/206 equivalent to UH1/H58

Sikorsky S61/S65/S70 equivalent to H3/H53/H60

Boeing H46/47

Also can provide egress items, seat belts, retention straps, rescue hoist items, parachutes, components of survival kits.

THE STATE AND LOCAL LAW ENFORCEMENT EQUIPMENT PROCUREMENT PROGRAM (THE 1122 PROGRAM)

General Information

- **What is the State and Local Law Enforcement Equipment Procurement Program?**

The State and Local Law Enforcement Equipment Procurement Program is a program which allows State and local governments to purchase law enforcement equipment through Federal procurement channels, provided that the equipment is used in the performance of **counterdrug activities**. The program affords State and local governments the opportunity to maximize their use of taxpayer dollars, by taking advantage of the purchasing power of the Federal Government to receive discounts commensurate with large volume purchases.

- **What is the authority for the State and Local Law Enforcement Equipment Procurement Program?**

Section 1122 of the Fiscal Year 1994 National Defense Authorization Act established the authority for this procurement program. Thus, the authority for the State and Local Law Enforcement Equipment Procurement Program resides with the Department of Defense.

- **Why is the State and Local Law Enforcement Equipment Procurement Program referred to as the "1122 Program?"**

"1122" refers to the section of the Fiscal Year 1994 National Defense Authorization Act which established the program; thus, the program is commonly referred to as the "1122 Program."

- **What agencies are involved in the 1122 Program?**

The U.S. Army, the General Services Administration (GSA), the Defense Logistics Agency (DLA), and the Department of Justice (DOJ) are actively involved in the 1122 Program. As the Executive Agent of the program, the U.S. Army has formed a steering committee consisting of representatives from GSA, DLA, and DOJ to oversee the implementation of the program.

- **How does the 1122 Program work?**

The governor of each state participating in the 1122 Program designates a State Point of Contact (SPOC) to administer the state's activities under the program, by validating the counterdrug mission of each procurement request, and by ensuring the availability of funds.

The following language should be included on all delivery orders placed against Federal Supply Schedule contracts:

This order is placed pursuant to the State and Local Law Enforcement Equipment Procurement Program ("1122 Program") in support of counterdrug activities, under the authority of the State Point of Contact (SPOC) for the State of _____.

- **Are there any restrictions for State and local law enforcement agencies regarding the use of products available under the 1122 Program?**

The statute limits the use of the 1122 Program to items specifically used in the performance of counterdrug activities. *Thus, the program cannot be used for routine law enforcement purposes.*

- **Which states are currently participating in the 1122 Program?**

To date, thirty-nine (39) states have elected to participate in the 1122 Program.

- **Where can I find additional information regarding the 1122 Program?**

Further information regarding the 1122 Program, including a listing of State Points of Contact, may be obtained by accessing the Department of Justice web site at:

<http://www.ojp.usdog.gov/BJA/html/site1.htm>

May 4, 1999

The following is a list of schedules (although some have changed schedule numbers and titles since the inception of the program, they remain essentially the same):

**GSA 10 ORIGINAL FEDERAL SUPPLY SCHEDULES INCLUDED IN THE
1122 PROGRAM**

- 84 VI A** Law Enforcement and Security Equipment
- 19 I** Marine Craft and Equipment, Inboard and Outboard Engines, Towable Bladders and Floating Barriers, and Buoys
- 58 III B** Communications Equipment: Recording and Reproducing Video and Audio Equipment Purchase and Repair Parts
- 58 V A** ADP/Telecommunications and Media Supplies: Videotapes, Audio Tapes, Tape Cartridges, Diskettes/Optical Disks, Disk Packs, Disk Cartridges, Anti-Glare/Anti-Radiation Screens, Cleaning Equipment and Supplies, Ergonomic Devices
- 58 IX** Telecommunications Equipment-Telemetry, Underwater Sound, Radar (except airborne), Visible and Invisible Light Communications, and Signal Data and Night Vision Equipment.
- 61 V** Power Distribution Equipment, Generators, and Batteries (**Originally 61 V A**)
- 67 II & III** Photographic Equipment, Supplies and Services, Video Services
- 69** Training Aids and Devices
- 70** General Purpose Commercial Information Technology Equipment, Software, and Services (**70 was originally 70 I B & C**)
- 78 I C** Park and Outdoor Recreation Equipment

Additionally, all vehicles are available from GSA through the Special Order Program. Requisitions/orders must go through GSA for all vehicles except for Command Centers which are available on Schedule 42-IV, Firefighting and Waste Disposal Vehicles. Under this particular schedule, only the command centers are available under the 1122 program.

The program remains voluntary on GSA contractors. And, except for vehicles, orders go directly to the schedule contractor.
