4. Responsibilities.

a. The Chief Information Officer (CIO) will—

(1) Exercise overall responsibility for the courier service.

(2) Pick up pouch at Langley Air Force Base (LAFB) after duty hours in the event there is no courier, or the designated courier has an emergency that prevents return to Fort Monroe.

b. Deputy Chief of Staff for Operations and Training will—

(2) Oversee the HQ TRADOC Operations Center (Ops Ctr), to include—

(a) Receiving the pouch from the courier during nonduty hours.

(b) Notifying the Commanding General's (CG's) office of classified material requiring delivery during nonduty hours.

TRADOC Staff Security Managers (in conjunction with staff flight schedulers) will ensure all HQ TRADOC personnel scheduled on the daily Tidewater shuttle flight between HQ TRADOC and HQDA are issued DD Form 2501 (Courier Authorization Card), and briefed on duties and responsibilities for guarding classified material.

d. The U.S. Army Forces Command (FORSCOM)/TRADOC Liaison Officer (LNO) will—

(1) Receive, log, and place in the pouch, all classified and unclassified, time sensitive items destined for Fort Monroe.

(2) Prepare DA Form 3964 (Classified Document Accountability Record) for classified material, and ensure the courier signs the form.

(3) Receive the pouch from the courier arriving from HQ TRADOC, log in all items, and call the addressee to arrange for pick up from the FORSCOM/TRADOC LNO, room 2A474, Pentagon.

(4) Place pouch materials in regular Pentagon distribution, if not picked up by 1130 the next duty day.

(5) Designate a second courier when the original courier cancels their return flight to LAFB. Brief the courier on responsibilities, as outlined in this memorandum, and provide special instructions, as required.

TRADOC Memo 1-2

5. Policies.

- a. Due to space constraints on the Tidewater shuttle flight, only material requiring next day delivery will be sent to NCR via courier pouch.
- b. Because of lack of classified storage facilities at Base Operations, LAFB, classified materials WILL NOT be sent to NCR via courier pouch.
- c. Classified material up to SECRET may be dispatched from the FORSCOM/TRADOC LNO to HQ TRADOC.
- d. Couriers will be selected based on lowest rank or grade. All couriers must have a completed DD Form 2501 to transport any classified material.

6. Procedures.

- a. Address materials to be sent via the courier using a HQ TRADOC Label 1001 (Pouch Mailing Label) (see sample label at fig 1). The TRADOC Label 1001 is attached to the mail piece itself and must be completed in full prior to delivery to the Fort Monroe DOIM Classified Mailroom for dispatch. HQ TRADOC Label 1001 is available from the Fort Monroe DOIM Publications Stockroom, building 183.
- b. Use DA Form 3964 IAW AR 380-5 to receipt for any classified material transported via the courier. The DOIM Classified Mailroom, or TRADOC Ops Ctr personnel, will sign for receipt of classified material and give one copy to the courier.
- c. If the designated courier and alternate cancel their return flight to LAFB, and if no one on the return flight meets the criteria to be a courier, the FORSCOM/TRADOC LNO will hold the pouch for the next flight. If holding material addressed to the CG TRADOC is not feasible, FORSCOM/TRADOC LNO will notify the TRADOC Secretary of the General Staff (SGS) to arrange pick up at LAFB during duty hours, or the TRADOC Ops Ctr to arrange pickup at LAFB after duty hours, and will arrange delivery to Davison Army Air Field for transport on the shuttle.
- d. Designated couriers pick up the courier pouch from Base Operations, Bldg 754, 190 East Flight Line Road, LAFB, and deliver it to the FORSCOM/TRADOC LNO, Pentagon, Room 2B475 (enter from the A ring, Room 2A474), phone 703-697-2588/2552 (DSN 227). Prior to departing for their return flight, the courier reports to the FORSCOM/ TRADOC LNO and picks up the courier pouch and any material for the CG. The courier delivers the pouch to the Fort Monroe DOIM Classified Mailroom, building 183, during duty hours (0800-1645), or the HQ TRADOC Ops Ctr, building 133, room 215, during nonduty hours. Deliver all material for the CG to building 37, during both duty and nonduty hours, unless otherwise instructed by the FORSCOM/TRADOC LNO. If no one is available in building 37, deliver CG's material to the TRADOC Ops Ctr. Under no circumstances will the courier entrust the pouch to another person for delivery, make any unofficial stops en route from LAFB to Fort Monroe, or take the pouch home for delivery the next day. In the event of an emergency, the courier must contact the

TRADOC Ops Ctr (788-2256). The TRADOC Ops Ctr will call the CIO on-call person to arrange emergency pick up. If the pouch contains classified material, the courier obtains signature on DA Form 3964 from personnel in the TRADOC Ops Ctr or DOIM Classified Mailroom. Courier retains one copy of DA Form 3964 IAW AR 25-400-2.

e. Fort Monroe DOIM supports the HQ TRADOC courier service.

(1) DOIM operates the Classified Mailroom with duty hours from 0800 to 1645. When HQ TRADOC personnel deliver material requiring courier service to NCR, the mailroom receives, logs, and places it in the pouch. The mailroom uses HQ TRADOC Form 1-2-1-R (Courier Pouch Control Log) (sample form at fig 2). Fort Monroe DOIM delivers the outgoing pouch to Base Operations, LAFB, NLT 1600 on days prior to scheduled flights. If notified by Flight Operations that a flight is canceled, the mailroom holds the pouch for the next Tidewater flight.

(2) The mailroom processes material in the pouch received from NCR, using HQ TRADOC Form 1-2-1-R to log it, and then places the material in staff activities' distribution boxes for pick up by their mail clerk. Upon request, the mailroom releases pouch material directly to the addressee, with proper identification. The mailroom arranges for immediate pick up of any items for the CG. For classified material, the mailroom returns signed DA Forms 3964 to the FORSCOM/TRADOC LNO via the courier pouch, within 2 working days, and retains one copy, IAW AR 25-400-2. If the pouch has not been received by the end of duty hours, mailroom personnel retrieve it from the TRADOC Ops Ctr by 0800 the next day.

(3) Chief Information Officer will provide the TRADOC Ops Ctr a roster of on-call personnel for emergency pickup of the courier pouch from LAFB, and will update the roster monthly.
